NOTES ON NEWS OF THE DAY.

THERE is a cold wave in the Northwest. Yesterday morning there was a severe frost at Cheyenne, and the mercury dropped to 42° at St. Paul. Migratory birds in that section are leaving for the South, and an early winter is predicted.

MRS. FETTER, wife of an army officer at Fort McHenry, drank a pint of coal oil last evening, saturated her clothing with the same fluid, and set herself on fire. She planned to die by fire, but swallowed the oil to get a strong draught. She is dead.

THE President, it is understood, will strongly recommend the repeal of the internal tax on tobacco in his forthcoming message to Congress. As Congress is Republican in both branches, the repeal will take place. This will settle the trouble about a treasury surplus effectually.

EVERY delegate to the Liquor Dealers' convention last Wednesday wore the portrait of David B. Hill over his heart. Those old heroes, demi-gods and patron saints of their business, King Gambrinus, Sir John Barleycorn, Bacchus and the Devil, appear to have been utterly overlooked in their admiration for the new-found divinity.

THE *Sun* makes the discovery that Warner Miller is going to attend the Republican State Convention. This spoils a very pretty Democratic sensation, which was freighted with great loads of comfort for the unterrified. Now, who was the Democrat that started the story that Mr. Miller wasn't going? And how much was he paid for the foolish little lie?

TAX RECEIVER WILLIAM REPPER, reform Democrat, of the town of Newtown, L. I., is short in his accounts $3,500. He has been in office three years, and has been short in his accounts every year. His bondsmen having each time made up the deficiency and his party having re-elected him, he took a larger sum this year than before to prove his confidence in the fidelity of his friends. A prosecution is now talked of.

LEON ABBETT swept Burlington county like a whirlwind in the Democratic caucuses last night, and is assured of the Democratic nomination for Governor of New Jersey by a two-thirds majority. Abbett is as true a friend of the liquor interests as Gov. Hill, and is also a hustler in politics. He made some serious mistakes, however, when Governor three years ago, and his walk-over in convention will not be repeated at the polls.

DEMOCRATIC editors raised a new howl the other day over the announcement that Commissioner Tanner had pensioned Timothy Sheehan of New Haven, a deserter from the Union army. A New Haven dispatch states that Sheehan was five years old when the war broke out. He enlisted in the regular army in 1879, was permanently disabled by wounds, and was given an honorable discharge. Now won't Democratic editors let up on Sheehan? He did not help put down the Democratic rebellion at all.

THE New York *Herald* has the information that soon after the disclosures in the Flack divorce case were made by the newspapers, Flack voluntarily sent his resignation to Gov. Hill, in the hope that it would soften the public feeling and cause him to be treated leniently by the grand jury. That resignation is still in the Governor's hands but has not been accepted, for the reason that Mr. Hill wishes Mr. Flack to remain in office till after the 15th of October, when he can accept it and appoint a successor to serve till the end of 1890. This does not seem incredible by any person who has watched the career of Gov. Hill. But there was never a Governor before him of whom it would not only have been deemed incredible but impossible.

COUNTY fair attractions are becoming so miscellaneous that the term "cattle show" will soon become a misnomer. The Chenango fair at Oxford will present a wedding on the grand stand. The Delaware Valley fair at Walton will solve the Pigs in Clover puzzle with live pigs. The Riverside fair at Greene, Chenango county, will give a go-as-you-please race for premiums, open to goats, sheep, bullocks, pigs, and every other sort of four legged animals except horses and mules. The Oneonta fair will give a drill by the "Home Guard," a company of pretty girl soldiers from the best families. They wear a natty uniform, carry guns and bayonets and have been under drill six months. It is believed that the biggest fair of the season will be at Oneonta.

THERE was a big reception to President Harrison at the residence of ex-Congressman Evans in Jenkinstown, Pa., yesterday, but at the beginning the announcement was made by a member of the party in a loud voice: "No handshaking." The people filed by all the same, and each one was greeted with a bow from the President, his wife and Gov. Beaver. It will be a reform of tremendous proportions if the present administration reduces the tiresome custom of handshaking to a condition of innocuous desuetude. Pretty Mrs. Cleveland was on many occasions shaken almost into a condition of paralysis, and Major Jack Downing used to insist that he once saved President Jackson's life by standing behind him, thrusting his arm between his body and sleeve, and shaking hands by proxy. And Harrison is not as tough as Jackson.

MAYOR NEWKIRK has detailed Officers Cahill and Johnston to special duty to-day, with orders to stand at the corner of Wall and St. James streets, and stop all heavily loaded stone teams from going through Fair street to Wilbur.—*Kingston Leader.*

This is the same Mayor who refused to permit the Common Council to vote upon an ordinance to protect all the macadamized streets of the city from the same heavy loads that he now wants to keep off Fair street. He proposes to protect Fair street by illegally placing officers on that street to keep heavily loaded wagons from passing over it, when there is no ordinance to prevent them, but he is entirely willing that Union avenue and other macadamized streets shall be ruined. The Common Council have allowed the Mayor to make a fool of himself quite long enough, and should now find some quick way to get rid of him. A large amount of money is now being spent on Hasbrouck avenue to put it in good order, but the money will be entirely wasted unless the ordinance to protect the streets is passed by the Common Council.

Doings of Constitutional Conventions—Greenbackers Reorganize in Alabama.

By Telegraph to The Freeman.

BIRMINGHAM, Ala., Sept. 6.—Fifty delegates, representing 30 counties, assembled here yesterday and reorganized the Greenback party of Alabama. A long platform was adopted. W. H. Davidson, the head of the new Greenback party, was recently an applicant for the Marshalship of Alabama, which President Harrison filled with another man.

CHEYENNE, Wy., Sept. 6.—At the Constitutional Convention yesterday President Brown appointed various committees. A ready-made constitution was presented and referred piece-meal to the committees.

SANTA FE, N. M., Sept. 6.—At the State Convention yesterday two complete Constitutions were presented and their various subjects referred to committees. One of these constitutions is almost identical with that adopted by North-Dakota, the other, drafted by F. W. Clancy, of this City, covers but 17 pages of legal cap, but it is pronounced a very able document and remarkable for simplicity and conciseness.

TOPEKA, Kans., Sept. 6.—During the last Presidential campaign the Republicans of Ohio offered a costly silk flag to the State polling the largest Republican majority. Kansas won the flag, and Governors Humphrey and Foraker have decided to make the presentation a National affair, at which guests from every State in the Union will be asked to participate. The date for the presentation has not been fixed.

NEW-ORLEANS, Sept. 6.—Price's majority in the Third Congressional District is 6,590.

J. Meyer, Nicholas J. Mock, Simeon Seibert, Philip Weimar, John Kreitner, from the Second Assembly District. W. J. Connors, James Boland, William L. White, William M. Ferris, Henry Haley and Joseph Slattery, from the First District. In the Convention to elect delegates to the Judicial Convention delegates were elected in favor of the renomination of the Hon. George Barker, of Fredonia, for Judge of the Supreme Court.

Race Trouble Nearly Over.

By Telegraph to The Freeman.

GREENVILLE, Miss., Sept. 6.—The trouble at Sunny Side is about ended. There remains only George Allen to be dealt with. His party have all deserted him, except one man with whom he crossed the Tallahatchie River, and when last heard from was making his way to Charleston, Tallahatchie County. A posse is on his trail. Sheriff Baskett received a telegram from the Chief-of-Police of Jackson yesterday, stating that Oliver Cromwell left there before he could be arrested. There have been no more Negroes killed, although a number have been taken alive, then set at liberty, upon their promise to go to work and behave themselves.

Valuable Pearls in Wisconsin.

By Telegraph to The Freeman.

ALBANY, Wis., Sept. 6.—The pearl excitement in this vicinity is now at its height. Although clams are getting scarce and the divers have to dig in the mud in the bottom of the River the finds are more numerous and valuable than ever. The largest and by far the most valuable pearl in Wisconsin was found yesterday. A New-York buyer offered $3,500 for it, but the figure was considered too low. Hundreds of small pearls are found and sold daily. The purchasers are agents of Chicago, New-York and Paris houses.

Frost in the West.

By Telegraph to The Freeman.

KANSAS CITY, Sept. 6.—A light frost prevailed throughout Northern Kansas and Missouri Wednesday night. No damage was done to the corn crop.

DODGE CENTRE, Minn, Sept. 6.—A heavy frost in the Northern part of this County last night did considerable damage to corn.

Reduction in Passenger Rates.

By Telegraph to The Freeman.

CHICAGO, Sept 6.—A dispatch from St Paul says the St. Paul & Duluth and Eastern Minnesota Railroads have decided to make a large reduction in through passenger rates. Tariffs are now in the hands of printers quoting the same rates from St. Paul to points east of the Sault Ste Marie, *via* Duluth, as are made by the "Soo" line from St. Paul and Minneapolis direct.

By Telegraph to The Freeman.

DENVER, Sept. 6.—The National Convention of Insurance Commissioners yesterday elected: President, G. S. Merrill, Massachusetts; Vice-President, S. C. Kemp, Ohio; Secretary, George B. Luper, Pennsylvania. The next Convention will be held at Cleveland.

By Telegraph to The Freeman.

DOINGS OF RELIGIOUS BODIES.

Catholics Making Arrangements for the November Centennial—Colored Methodists.

By Telegraph to The Freeman.

BALTIMORE, Sept. 6.—A largely attended meeting of the Catholic clergy of Baltimore and Washington was held in the Library of the Cathedral yesterday for the purpose of discussing the details of the November Centennial. Cardinal Gibbons presided. The meeting resolved to have a torchlight procession of the societies of this City and Washington during the Centennial. About 60 Bishops will attend the Centennial and they will be given a reception at Concordia Hall, on Monday evening, November 11, when the illumination will take place. Among the distinguished guests will be Cardinal Taschereau, of Canada, and two or more dignitaries from Rome. Archbishop Ryan will probably preach. Cardinal Taschereau will occupy a throne immediately in front of the mortuary tablets on the epistle side of the sanctuary, while the Archbishops and Bishops will be seated in semi-circles on either side, as at the Third Plenary Council. The Rev. J. S. McCallen, of Montreal, has been invited to take charge of the celebration ceremonies.

FATHER HYMES NOT GUILTY.

By Telegraph to The Freeman.

PIERCE CITY, Mo., Sept. 6.—Yesterday the jury returned a verdict of not guilty in the case of the State of Missouri vs. Father Hynes. This was a case of malicious mischief against Father Hynes, who was charged with breaking the stile at the Catholic cemetery, of which he had control. The warrant was sworn out by Dennis Noonan at the instance of Bishop Hogan, as the deed of the cemetery was in the Bishop's name. The fight has been going on between Bishop Hogan and Father Hynes for six years. It was started by some rebellious parishioners who refused to pay pew rent and enlisted the Bishop in their behalf. The Bishop suspended Hynes two years ago and the Priest made a trip to Rome and was reinstated by the Propaganda. A short time after his return the Bishop ordered him to Higginsville, and as the members of his Church continued to stand by him he refused to go, when Bishop Hogan again suspended him and brought suit in ejectment to get him out of the Church property, and also had him arrested for breaking the stile at the cemetery. Hynes continues to hold services, claiming that as the deed to the church property was made under the Dake Constitution the conveyance was void, and the property belongs to the members of the parish, who are with him. He said to-day: "I have taken this fight upon my own shoulders, for other priests as well as myself. Many of them are ignorant of their rights. Father McGlynn was too weak."

AFRICAN METHODIST CHURCH.

MILWAUKEE, Sept. 6.—The North-western Conference of the African Methodist Church yesterday adopted an elaborate report, advising a general exodus of Negroes from the South to the North west. Murder and disfranchisement are charged to be the rule at the South, and the exodus is recommended as a remedy. Incidentally Congress is urged to lessen the representation of the South in proportion to the disfranchisement of the colored race.

LONDON, Sept. 6.—Cardinal Manning, the Lord Mayor, the Bishop of London, and Sir John Lubbock are conferring with the officials of the Dock Companies and merchants. The Steam Navigation Company has conceded the strikers' terms. An increased number of wharf laborers are at work to-day. The shipwrights in the employ of the Williamsons, at Workington, in Cumberland, have struck for an advance of four shillings weekly.

Tragedy in a Mining Town.

By Telegraph to The Freeman

BRAZIL, Ind., Sept. 6.—George Potts, a "pick boss" in the Harrison coke mine at Clay City, and Robert McClusky, a miner employed under him, quarreled yesterday over the amount of time the latter had made. McClusky had been drinking and threatened to kill Potts. Securing a revolver he asked to be lowered into the pit where Potts was at work, saying he wanted to kill some rats, but was refused admission. He then went to Potts' house and talked abusively about him. This alarmed Mrs. Potts, who wrapped a revolver in a shawl and sent it to the mine to her husband, telling him of McCluskey's threats. When Potts returned home McCluskey was in his house abusing his family and flourishing a revolver. Believing it was his life or his opponent's on sight Potts fired through a screen door. The ball struck McCluskey in the heart and killed him. Potts surrendered, but it is believed he will be acquitted.

Miser Forced to Deposit His Money.

By Telegraph to The Freeman.

NEW-CASTLE, Ind., Sept. 6.—Relatives of a miserly old farmer went to his house near here yesterday and insisted that his money should be safely deposited. He brought out a bundle containing $2,000 and after much persuasion produced from various places in the old farm house his wealth. In the garret, stowed under the rafters, were found bundles of bills, and from beneath the floor were brought boxes and tin cans filled with gold and silver. The money, $26,000, was brought to this City and deposited.

Suicide of an Insanity Expert.

By Telegraph to The Freeman.

AURORA, Ills., Sept. 6.—Dr. David Tilton Brown, a wealthy retired farmer, hanged himself last night. Dr. Brown was at one time Chief of the Bloomingdale Insane Asylum of New-York, and was regarded as an authority on the treatment of insanity. In 1875 he himself became insane and went to Europe, where it was supposed he died. He was no doubt insane when he hung himself.

The Fire Record.

By Telegraph to The Freeman.

WATERTOWN, N. Y., Sept. 6.—A fire broke out this morning in the hotel stable of F. R. HAMILTON ON THE WITNESS STAND.

He First Met the Woman Called "Eva" in Boston—His Statements.

By Telegraph to The Freeman.

NEW-YORK, Sept. 6.—Mrs. Swinton and her son Joshua Mann were arraigned before Judge McMahon at the Tombs Court this afternoon charged with grand larceny in the second degree. "Mother" Swinton looked worried and even shed a few crocodile tears. "Josh" borrowed $2 from his mother before the hearing opened.

As soon as Justice Hogan took his seat in the Court of General Sessions Robert Ray Hamilton went to the bar and affirmed to the complaints against the defendants. Mr. Ross, counsel for the defendants, said his clients pleaded not guilty and demanded an examination. Mr. Hamilton then took the witness stand. "I am complainant in these proceedings," he said. "I am a lawyer. I have known Eva L. Mann four years. I cannot tell the place where I first met her. I think it was somewhere in Boston. I did not know she was to be at the place where I first met her. In 1886 Eva represented to me that she was with child. I did not see her frequently during that time."

During the year he said he was in Albany while Eva was in New-York.

The Death Record.

Henry W. Genet, well known during the Tweed time, died at 9:50 o'clock this morning in New-York City after a long illness. Mr. Genet had been ill with a cancer in the throat for the last three years and was confined to his bed for two weeks. He was conscious to the last. He was a man of a remarkably strong constitution and this enabled him to withstand so long the ravages of the disease. Dr. Tinker expressed the opinion that the cancer was caused by the irritation of the rough edge of a tooth upon the tongue and excessive smoking.

Hon. William Lowell died last night at Auburn, Maine, aged 86. He was a member of the State House in 1838 and 1841 and served in the Senate in 1853. He figured largely in the combinations which led to the organization of the Republican party.

The fire is still burning.

EXPLOSION IN A CARTRIDGE FACTORY.

By Cable to The Freeman.

ANTWERP, Sept. 6.—Dynamite exploded to-day in a cartridge factory in the vicinity of the Bourse, killing several persons and doing much damage to property. Portions of the Bourse were struck by burning fragments and set on fire, causing a panic in that building, which was at the time crowded.

The cartridge factory was situated behind the docks upon which millions of cartridges were being loaded. It was adjacent to the petroleum stores and two large Russian petroleum warehouses were set on fire, and are now burning. Other stores are endangered. Police, gendarmes and troops are assisting in the work of extinguishing the flames, while Priests and Sisters of Charity are looking after the injured. The City is enveloped in a dense smoke.

A freight train was lying on a siding, and a brakeman at the switch, in a hurry to get the train out, turned the switch. As the last sleeper was passing over the coach was thrown on its side, and the following persons were injured, though not fatally: Mrs. H. W. Clark, Mrs. E. S. Clark, Thomas Clark and Marion Clark, of Pittsburg, and W. H. Shields, of Eagleville. The injured were cared for by surgeons and forwarded to their homes.

KANSAS CITY, Sept. 6.—At 8:30 o'clock last night a collision occurred here in the Union depot yard which caused great excitement. The employe who gives the signals to the incoming and outgoing trains gave the Rock Island train the signal to come in and at the same time sent the Wabash train out on the same track. The Rock Island engine had just passed the switch when the Wabash engine crashed into the smoker and baggage cars behind. The smoker was overturned and the passengers badly shaken up but none were painfully injured. The collision occurred almost under the roof of the depot.

STEAMER CITY OF TRAVERSE IN PERIL.

By Telegraph to The Freeman.

MILWAUKEE, Sept. 6.—The steamer City of Traverse, of the Lake Superior Line, was towed in here yesterday by the steam barge Annie Laurie in a disabled condition. The Traverse was bound from Lake Superior with a full complement of freight and passengers. When off Little Point, Astabula, the rudder stock was broken by the pounding of the heavy sea, and the rudder was carried away. The steamer fell off in the trough of the sea, where for a time it was at the mercy of the waves. Many of the passengers had not yet retired and those who had were soon awakened by the rolling of the vessel. Captain Twitchell and his crew did everything possible to keep the steamer's head to the sea. The calmness of the officers, combined with the discipline of the crew, restored confidence in the minds of the passengers. After several hours' hard work the steamer was brought up in the wind and rode easily from that time until 2 o'clock in the morning, when the Annie Laurie was sighted.

NOTES ON NEWS OF THE DAY.

THERE is a cold wave in the Northwest. Yesterday morning there was a severe frost at Cheyenne, and the mercury dropped to 42° at St. Paul. Migratory birds in that section are leaving for the South, and an early winter is predicted.

MRS. FETTER, wife of an army officer at Fort McHenry, drank a pint of coal oil last evening, saturated her clothing with the same fluid, and set herself on fire. She planned to die by fire, but swallowed the oil to get a strong draught. She is dead.

THE President, it is understood, will strongly recommend the repeal of the internal tax on tobacco in his forthcoming message to Congress. As Congress is Republican in both branches, the repeal will take place. This will settle the trouble about a treasury surplus effectually.

EVERY delegate to the Liquor Dealers' convention last Wednesday wore the portrait of David B. Hill over his heart. Those old heroes, demi-gods and patron saints of their business, King Gambrinus, Sir John Barleycorn, Bacchus and the Devil, appear to have been utterly overlooked in their admiration for the new-found divinity.

THE *Sun* makes the discovery that Warner Miller is going to attend the Republican State Convention. This spoils a very pretty Democratic sensation, which was freighted with great loads of comfort for the unterrified. Now, who was the Democrat that started the story that Mr. Miller wasn't going? And how much was he paid for the foolish little lie?

TAX RECEIVER WILLIAM REPPER, reform Democrat, of the town of Newtown, L. I., is short in his accounts $3,500. He has been in office three years, and has been short in his accounts every year. His bondsmen having each time made up the deficiency and his party having re-elected him, he took a larger sum this year than before to prove his confidence in the fidelity of his friends. A prosecution is now talked of.

LEON ABBETT swept Burlington county like a whirlwind in the Democratic caucuses last night, and is assured of the Democratic nomination for Governor of New Jersey by a two-thirds majority. Abbett is as true a friend of the liquor interests as Gov. Hill, and is also a hustler in politics. He made some serious mistakes, however, when Governor three years ago, and his walk-over in convention will not be repeated at the polls.

DEMOCRATIC editors raised a new howl the other day over the announcement that Commissioner Tanner had pensioned Timothy Sheehan of New Haven, a deserter from the Union army. A New Haven dispatch states that Sheehan was five years old when the war broke out. He enlisted in the regular army in 1879, was permanently disabled by wounds, and was given an honorable discharge. Now won't Democratic editors let up on Sheehan? He did not help put down the Democratic rebellion at all.

THE New York *Herald* has the information that soon after the disclosures in the Flack divorce case were made by the newspapers, Flack voluntarily sent his resignation to Gov. Hill, in the hope that it would soften the public feeling and cause him to be treated leniently by the grand jury. That resignation is still in the Governor's hands but has not been accepted, for the reason that Mr. Hill wishes Mr. Flack to remain in office till after the 15th of October, when he can accept it and appoint a successor to serve till the end of 1890. This does not seem incredible by any person who has watched the career of Gov. Hill. But there was never a Governor before him of whom it would not only have been deemed incredible but impossible.

COUNTY fair attractions are becoming so miscellaneous that the term "cattle show" will soon become a misnomer. The Chenango fair at Oxford will present a wedding on the grand stand. The Delaware Valley fair at Walton will solve the Pigs in Clover puzzle with live pigs. The Riverside fair at Greene, Chenango county, will give a go-as-you-please race for premiums, open to goats, sheep, bullocks, pigs, and every other sort of four legged animals except horses and mules. The Oneonta fair will give a drill by the "Home Guard," a company of pretty girl soldiers from the best families. They wear a natty uniform, carry guns and bayonets and have been under drill six months. It is believed that the biggest fair of the season will be at Oneonta.

THERE was a big reception to President Harrison at the residence of ex-Congressman Evans in Jenkinstown, Pa., yesterday, but at the beginning the announcement was made by a member of the party in a loud voice: "No handshaking." The people filed by all the same, and each one was greeted with a bow from the President, his wife and Gov. Beaver. It will be a reform of tremendous proportions if the present administration reduces the tiresome custom of handshaking to a condition of innocuous desuetude. Pretty Mrs. Cleveland was on many occasions shaken almost into a condition of paralysis, and Major Jack Downing used to insist that he once saved President Jackson's life by standing behind him, thrusting his arm between his body and sleeve, and shaking hands by proxy. And Harrison is not as tough as Jackson.

MAYOR NEWKIRK has detailed Officers Cahill and Johnston to special duty to-day, with orders to stand at the corner of Wall and St. James streets, and stop all heavily loaded stone teams from going through Fair street to Wilbur.—*Kingston Leader.*

This is the same Mayor who refused to permit the Common Council to vote upon an ordinance to protect all the macadamized streets of the city from the same heavy loads that he now wants to keep off Fair street. He proposes to protect Fair street by illegally placing officers on that street to keep heavily loaded wagons from passing over it, when there is no ordinance to prevent them, but he is entirely willing that Union avenue and other macadamized streets shall be ruined. The Common Council have allowed the Mayor to make a fool of himself quite long enough, and should now find some quick way to get rid of him. A large amount of money is now being spent on Hasbrouck avenue to put it in good order, but the money will be entirely wasted unless the ordinance to protect the streets is passed by the Common Council.

Doings of Constitutional Conventions—Greenbackers Reorganize in Alabama.

By Telegraph to The Freeman.

BIRMINGHAM, Ala., Sept. 6.—Fifty delegates, representing 30 counties, assembled here yesterday and reorganized the Greenback party of Alabama. A long platform was adopted. W. H. SANTA FE, N. M., Sept. 6.—At the State Convention yesterday two complete Constitutions were presented and their various subjects referred to committees. One of these constitutions is almost identical with that adopted by North-Dakota, the other, drafted by F. W. Clancy, of this City, covers but 17 pages of legal cap, but it is pronounced a very able document and remarkable for simplicity and conciseness.

TOPEKA, Kans., Sept. 6.—During the last Presidential campaign the Republicans of Ohio offered a costly silk flag to the State polling the largest Republican majority. Kansas won the flag, and Governors Humphrey and Foraker have decided to make the presentation a National affair, at which guests from every State in the Union will be asked to participate. The date for the presentation has not been fixed.

Ferris, Henry Haley and Joseph Slattery, from the First District. In the Convention to elect delegates to the Judicial Convention delegates were elected in favor of the renomination of the Hon. Race Trouble Nearly Over.

By Telegraph to The Freeman.

GREENVILLE, Miss., Sept. 6.—The trouble at Sunny Side is about ended. There remains only George Allen to be dealt with. His party have all deserted him, except one man with whom he crossed the Tallahatchie River, and when last heard from was making his way to Charleston, Tallahatchie County. A posse is on his trail Sheriff Baskett received a telegram from the Chief-of-Police of Jackson yesterday, stating that Oliver Cromwell left there before he could be arrested. There have been no more Negroes killed, although a number have been taken alive, then set at liberty, upon their promise to go to work and behave themselves.

Valuable Pearls in Wisconsin.

By Telegraph to The Freeman.

ALBANY, Wis., Sept. 6.—The pearl excitement in this vicinity is now at its height. Although clams are getting scarce and the divers have to dig in the mud in the bottom of the River the finds are more numerous and valuable than ever. The largest and by far the most valuable pearl in Wisconsin was found yesterday. A New-York buyer offered $3,500 for it, but the figure was considered too low. Hundreds of small pearls are found and sold daily. The purchasers are agents of Chicago, New-York and Paris houses.

Frost in the West.

By Telegraph to The Freeman.

KANSAS CITY, Sept. 6.—A light frost prevailed throughout Northern Kansas and Missouri Wednesday night. No damage was done to the corn crop.

Reduction in Passenger Rates.

By Telegraph to The Freeman.

CHICAGO, Sept 6.—A dispatch from St Paul says the St. Paul & Duluth and Eastern Minnesota Railroads have decided to make a large reduction in through passenger rates. Tariffs are now in the hands of printers quoting the same rates from St. Paul to points east of the Sault Ste Marie, *via* Duluth, as are made by the "Soo" line from St. Paul and Minneapolis direct.

By Telegraph to The Freeman.

DENVER, Sept. 6.—The National Convention of Insurance Commissioners yesterday elected: President, G. S. Merrill, Massachusetts; Vice-President, S. C. Kemp, Ohio; Secretary, George B. Luper, Pennsylvania. The next Convention will be held at Cleveland.

By Telegraph to The Freeman.

DOINGS OF RELIGIOUS BODIES.

Catholics Making Arrangements for the November Centennial—Colored Methodists.

By Telegraph to The Freeman.

BALTIMORE, Sept. 6.—A largely attended meeting of the Catholic clergy of Baltimore and Washington was held in the Library of the Cathedral yesterday for the purpose of discussing the details of the November Centennial. Cardinal Gibbons presided. The meeting resolved to have a torchlight procession of the societies of this City and Washington during the Centennial. About 60 Bishops will attend the Centennial and they will be given a reception at Concordia Hall, on Monday evening, November 11, when the illumination will take place. Among the distinguished guests will be Cardinal Taschereau, of Canada, and two or more dignitaries from Rome. Archbishop Ryan will probably preach. Cardinal Taschereau will occupy a throne immediately in front of the mortuary tablets on the epistle side of the sanctuary, while the Archbishops and Bishops will be seated in semi-circles on either side, as at the Third Plenary Council. The Rev. J. S. McCallen, of Montreal, has been invited to take charge of the celebration ceremonies.

FATHER HYMES NOT GUILTY.

By Telegraph to The Freeman.

PIERCE CITY, Mo., Sept. 6.—Yesterday the jury returned a verdict of not guilty in the case of the State of Missouri vs. Father Hynes. This was a case of malicious mischief against Father Hynes, who was charged with breaking the stile at the Catholic cemetery, of which he had control. The warrant was sworn out by Dennis Noonan at the instance of Bishop Hogan, as the deed of the cemetery was in the Bishop's name. The fight has been going on between Bishop Hogan and Father Hynes for six years. It was started by some rebellious parishioners who refused to pay pew rent and enlisted the Bishop in their behalf. The Bishop suspended Hynes two years ago and the Priest made a trip to Rome and was reinstated by the Propaganda. A short time after his return the Bishop ordered him to Higginsville, and as the members of his Church continued to stand by him he refused to go, when Bishop Hogan again suspended him and brought suit in ejectment to get him out of the Church property, and also had him arrested for breaking the stile at the cemetery. Hynes continues to hold services, claiming that as the deed to the church property was made under the Dake Constitution the conveyance was void, and the property belongs to the members of the parish, who are with him. He said to-day: "I have taken this fight upon my own shoulders, for other priests as well as myself. Many of them are ignorant of their rights. Father McGlynn was too weak."

AFRICAN METHODIST CHURCH.

MILWAUKEE, Sept. 6.—The North-western Conference of the African Methodist Church yesterday adopted an elaborate report, advising a general exodus of Negroes from the South to the North west. Murder and disfranchisement are charged to be the rule at the South, and the exodus is recommended as a remedy. Incidentally Congress is urged to lessen the representation of the South in proportion to the disfranchisement of the colored race.

By Telegraph to The Freeman

"Eight Hours Day" Rejected in Scotland—Shipwrights Strike at Cumberland.

By Cable to The Freeman.

LONDON, Sept. 6.—Cardinal Manning, the Lord Mayor, the Bishop of London, and Sir John Lubbock are conferring with the officials of the Dock Companies and merchants. The Steam Navigation Company has conceded the strikers' terms. An increased number of wharf laborers are at work to-day. The shipwrights in the employ of the Williamsons, at Workington, in Cumberland, have struck for an advance of four shillings weekly.

Tragedy in a Mining Town.

By Telegraph to The Freeman

BRAZIL, Ind, Sept. 6.—George Potts, a "pick boss" in the Harrison coke mine at Clay City, and Robert McClusky, a miner employed under him, quarreled yesterday over the amount of time the latter had made. McClusky had been drinking and threatened to kill Potts. Securing a revolver he asked to be lowered into the pit where Potts was at work, saying he wanted to kill some rats, but was refused admission. He then went to Potts' house and talked abusively about him. This alarmed Mrs. Potts, who wrapped a revolver in a shawl and sent it to the mine to her husband, telling him of McCluskey's threats. When Potts returned home McCluskey was in his house abusing his family and flourishing a revolver. Believing it was his life or his opponent's on sight Potts fired through a screen door. The ball struck McCluskey in the heart and killed him. Potts surrendered, but it is believed he will be acquitted.

Miser Forced to Deposit His Money.

By Telegraph to The Freeman.

NEW-CASTLE, Ind., Sept. 6.—Relatives of a miserly old farmer went to his house near here yesterday and insisted that his money should be safely deposited. He brought out a bundle containing $2,000 and after much persuasion produced from various places in the old farm house his wealth. In the garret, stowed under the rafters, were found bundles of bills, and from beneath the floor were brought boxes and tin cans filled with gold and silver. The money, $26,000, was brought to this City and deposited.

Suicide of an Insanity Expert.

By Telegraph to The Freeman.

AURORA, Ills., Sept. 6.—Dr. David Tilton Brown, a wealthy retired farmer, hanged himself last night. Dr. Brown was at one time Chief of the Bloomingdale Insane Asylum of New-York, and was regarded as an authority on the treatment of insanity. In 1875 he himself became insane and went to Europe, where it was supposed he died. He was no doubt insane when he hung himself.

The store of Alexander Allen and several private dwellings were considerably damaged.

HAMILTON ON THE WITNESS STAND.

He First Met the Woman Called "Eva" in Boston—His Statements.

By Telegraph to The Freeman.

NEW-YORK, Sept. 6.—Mrs. Swinton and her son Joshua Mann were arraigned before Judge McMahon at the Tombs Court this afternoon charged with grand larceny in the second degree. "Mother" Swinton looked worried and even shed a few crocodile tears. "Josh" borrowed $2 from his mother before the hearing opened.

As soon as Justice Hogan took his seat in the Court of General Sessions Robert Ray Hamilton went to the bar and affirmed to the complaints against the defendants. Mr. Ross, counsel for the defendants, said his clients pleaded not guilty and demanded an examination. Mr. Hamilton then took the witness stand. "I am complainant in these proceedings," he said. "I am a lawyer. I have known Eva L. Mann four years. I cannot tell the place where I first met her. I think it was somewhere in Boston. I did not know she was to be at the place where I first met her. In 1886 Eva represented to me that she was with child. I did not see her frequently during that time."

During the year he said he was in Albany while Eva was in New-York.

The Death Record.

Henry W. Genet, well known during the Tweed time, died at 9:50 o'clock this morning in New-York City after a long illness. Mr. Genet had been ill with a cancer in the throat for the last three years and was confined to his bed for two weeks. He was conscious to the last. He was a man of a remarkably strong constitution and this enabled him to withstand so long the ravages of the disease. Dr. Tinker expressed the opinion that the cancer was caused by the irritation of the rough edge of a tooth upon the tongue and excessive smoking.

Hon. William Lowell died last night at Auburn, Maine, aged 86. He was a member of the State House in 1838 and 1841 and served in the Senate in 1853. He figured largely in the combinations which led to the organization of the Republican party.

SERIOUS EXPLOSION OF GASES.

Three Miners Hurled 30 Feet at Rich Hill, Missouri, Yesterday.

By Telegraph to The Freeman.

RICH HILL, Mo., Sept. 6.—Fire broke out in Mine No. 4 here yesterday. The entrances were immediately closed and steam was injected. An explosion of confined gasses followed, causing an upheaval of the beams above and wrecking of one of the buildings. Three miners were hurled 30 feet but were not fatally injured. The fire is still burning.

EXPLOSION IN A CARTRIDGE FACTORY.

By Cable to The Freeman.

ANTWERP, Sept. 6.—Dynamite exploded to-day in a cartridge factory in the vicinity of the Bourse, killing several persons and doing much damage to property. Portions of the Bourse were struck by burning fragments and set on fire, causing a panic in that building, which was at the time crowded.

The cartridge factory was situated behind the docks upon which millions of cartridges were being loaded. It was adjacent to the petroleum stores and two large Russian petroleum warehouses were set on fire, and are now burning. Other stores are endangered. Police, gendarmes and troops are assisting in the work of extinguishing the flames, while Priests and Sisters of Charity are looking after the injured. The City is enveloped in a dense smoke.

LATER—One hundred and twenty-six persons were killed by the explosion.

Eighty thousand barrels of oil are burning. Eighty persons were injured.

TWO RAILROAD ACCIDENTS.

By Telegraph to The Freeman.

PITTSBURG, Pa., Sept. 6.—Passenger train No. 1 on the New-York, Pennsylvania & Ohio Railroad, due at Youngstown, Ohio, at 5 o'clock this morning, was derailed at Pymatuning. A freight train was lying on a siding, and a brakeman at the switch, in a hurry to get the train out, turned the switch. As the last sleeper was passing over the coach was thrown on its side, and the following persons were injured, though not fatally: Mrs. H. W. Clark, Mrs. E. S. Clark, Thomas Clark and Marion Clark, of Pittsburg, and W. H. Shields, of Eagleville. The injured were cared for by surgeons and forwarded to their homes.

KANSAS CITY, Sept. 6.—At 8:30 o'clock last night a collision occurred here in the Union depot yard which caused great excitement. The employe who gives the signals to the incoming and outgoing trains gave the Rock Island train the signal to come in and at the same time sent the Wabash train out on the same track. The Rock Island engine had just passed the switch when the Wabash engine crashed into the smoker and baggage cars behind. The smoker was overturned and the passengers badly shaken up but none were painfully injured. The collision occurred almost under the roof of the depot.

STEAMER CITY OF TRAVERSE IN PERIL.

By Telegraph to The Freeman.

MILWAUKEE, Sept. 6.—The steamer City of Traverse, of the Lake Superior Line, was towed in here yesterday by the steam barge Annie Laurie in a disabled condition. The Traverse was bound from Lake Superior with a full complement of freight and passengers. When off Little Point, Astabula, the rudder stock was broken by the pounding of the heavy sea, and the rudder was carried away. The steamer fell off in the trough of the sea, where for a time it was at the mercy of the waves. Many of the passengers had not yet retired and those who had were soon awakened by the rolling of the vessel. Captain Twitchell and his crew did everything possible to keep the steamer's head to the sea. The calmness of the officers, combined with the discipline of the crew, restored confidence in the minds of the passengers. After several hours' hard work the steamer was brought up in the wind and rode easily from that time until 2 o'clock in the morning, when the Annie Laurie was sighted.

A small lake was also discovered. One of the rooms in the cave is over 1,200 feet long.

NOTES ON NEWS OF THE DAY.

THERE is a cold wave in the Northwest. Yesterday morning there was a severe frost at Cheyenne, and the mercury dropped to 42° at St. Paul. Migratory birds in that section are leaving for the South, and an early winter is predicted.

MRS. FETTER, wife of an army officer at Fort McHenry, drank a pint of coal oil last evening, saturated her clothing with the same fluid, and set herself on fire. She planned to die by fire, but swallowed the oil to get a strong draught. She is dead.

THE President, it is understood, will strongly recommend the repeal of the internal tax on tobacco in his forthcoming message to Congress. As Congress is Republican in both branches, the repeal will take place. This will settle the trouble about a treasury surplus effectually.

EVERY delegate to the Liquor Dealers' convention last Wednesday wore the portrait of David B. Hill over his heart. Those old heroes, demi-gods and patron saints of their business, King Gambrinus, Sir John Barleycorn, Bacchus and the Devil, appear to have been utterly overlooked in their admiration for the new-found divinity.

THE *Sun* makes the discovery that Warner Miller is going to attend the Republican State Convention. This spoils a very pretty Democratic sensation, which was freighted with great loads of comfort for the unterrified. Now, who was the Democrat that started the story that Mr. Miller wasn't going? And how much was he paid for the foolish little lie?

TAX RECEIVER WILLIAM REPPER, reform Democrat, of the town of Newtown, L. I., is short in his accounts $3,500. He has been in office three years, and has been short in his accounts every year. His bondsmen having each time made up the deficiency and his party having re-elected him, he took a larger sum this year than before to prove his confidence in the fidelity of his friends. A prosecution is now talked of.

LEON ABBETT swept Burlington county like a whirlwind in the Democratic caucuses last night, and is assured of the Democratic nomination for Governor of New Jersey by a two-thirds majority. Abbett is as true a friend of the liquor interests as Gov. Hill, and is also a hustler in politics. He made some serious mistakes, however, when Governor three years ago, and his walk-over in convention will not be repeated at the polls.

DEMOCRATIC editors raised a new howl the other day over the announcement that Commissioner Tanner had pensioned Timothy Sheehan of New Haven, a deserter from the Union army. A New Haven dispatch states that Sheehan was five years old when the war broke out. He enlisted in the regular army in 1879, was permanently disabled by wounds, and was given an honorable discharge. Now won't Democratic editors let up on Sheehan? He did not help put down the Democratic rebellion at all.

THE New York *Herald* has the information that soon after the disclosures in the Flack divorce case were made by the newspapers, Flack voluntarily sent his resignation to Gov. Hill, in the hope that it would soften the public feeling and cause him to be treated leniently by the grand jury. That resignation is still in the Governor's hands but has not been accepted, for the reason that Mr. Hill wishes Mr. Flack to remain in office till after the 15th of October, when he can accept it and appoint a successor to serve till the end of 1890. This does not seem incredible by any person who has watched the career of Gov. Hill. But there was never a Governor before him of whom it would not only have been deemed incredible but impossible.

COUNTY fair attractions are becoming so miscellaneous that the term "cattle show" will soon become a misnomer. The Chenango fair at Oxford will present a wedding on the grand stand. The Delaware Valley fair at Walton will solve the Pigs in Clover puzzle with live pigs. The Riverside fair at Greene, Chenango county, will give a go-as-you-please race for premiums, open to goats, sheep, bullocks, pigs, and every other sort of four legged animals except horses and mules. The Oneonta fair will give a drill by the "Home Guard," a company of pretty girl soldiers from the best families. They wear a natty uniform, carry guns and bayonets and have been under drill six months. It is believed that the biggest fair of the season will be at Oneonta.

THERE was a big reception to President Harrison at the residence of ex-Congressman Evans in Jenkinstown, Pa., yesterday, but at the beginning the announcement was made by a member of the party in a loud voice: "No handshaking." The people filed by all the same, and each one was greeted with a bow from the President, his wife and Gov. Beaver. It will be a reform of tremendous proportions if the present administration reduces the tiresome custom of handshaking to a condition of innocuous desuetude. Pretty Mrs. Cleveland was on many occasions shaken almost into a condition of paralysis, and Major Jack Downing used to insist that he once saved President Jackson's life by standing behind him, thrusting his arm between his body and sleeve, and shaking hands by proxy. And Harrison is not as tough as Jackson.

MAYOR NEWKIRK has detailed Officers Cahill and Johnston to special duty to-day, with orders to stand at the corner of Wall and St. James streets, and stop all heavily loaded stone teams from going through Fair street to Wilbur.—*Kingston Leader.*

This is the same Mayor who refused to permit the Common Council to vote upon an ordinance to protect all the macadamized streets of the city from the same heavy loads that he now wants to keep off Fair street. He proposes to protect Fair street by illegally placing officers on that street to keep heavily loaded wagons from passing over it, when there is no ordinance to prevent them, but he is entirely willing that Union avenue and other macadamized streets shall be ruined. The Common Council have allowed the Mayor to make a fool of himself quite long enough, and should now find some quick way to get rid of him. A large amount of money is now being spent on Hasbrouck avenue to put it in good order, but the money will be entirely wasted unless the ordinance to protect the streets is passed by the Common Council.

Doings of Constitutional Conventions—Greenbackers Reorganize in Alabama.

By Telegraph to The Freeman.

BIRMINGHAM, Ala., Sept. 6.—Fifty delegates, representing 30 counties, assembled here yesterday and reorganized the Greenback party of Alabama. A long platform was adopted. W. H. Davidson, the head of the new Greenback party, was recently an applicant for the Marshalship of Alabama, which President Harrison filled with another man.

CHEYENNE, Wy., Sept. 6.—At the Constitutional Convention yesterday President Brown appointed various committees. A ready-made constitution was presented and referred piece-meal to the committees.

SANTA FE, N. M., Sept. 6.—At the State Convention yesterday two complete Constitutions were presented and their various subjects referred to committees. One of these constitutions is almost identical with that adopted by North-Dakota, the other, drafted by F. W. Clancy, of this City, covers but 17 pages of legal cap, but it is pronounced a very able document and remarkable for simplicity and conciseness.

TOPEKA, Kans., Sept. 6.—During the last Presidential campaign the Republicans of Ohio offered a costly silk flag to the State polling the largest Republican majority. Kansas won the flag, and Governors Humphrey and Foraker have decided to make the presentation a National affair, at which guests from every State in the Union will be asked to participate. The date for the presentation has not been fixed.

NEW-ORLEANS, Sept. 6.—Price's majority in the Third Congressional District is 6,590.

REPUBLICAN STATE CONVENTION.

By Telegraph to The Freeman.

BUFFALO, N. Y., Sept. 6.—Delegates were elected in this City to-day to the Republican State Convention as follows: O. G. Warren, Daniel H. McMillan, Frederick Busch, James Franklin, Henry W. Box, R. R. Hefford, Oliver A. Jenkins, C. S. A. Coe, James A. Roberts, Charles A. Ball and Frederick A. Menge, from the Third Assembly District, Erie County. R. E. Braunlich, John Knobloch, John R. Hazel, A. J. Meyer, Nicholas J. Mock, Simeon Seibert, Philip Weimar, John Kreitner, from the Second Assembly District. W. J. Connors, James Boland, William L. White, William M. Ferris, Henry Haley and Joseph Slattery, from the First District. In the Convention to elect delegates to the Judicial Convention delegates were elected in favor of the renomination of the Hon. George Barker, of Fredonia, for Judge of the Supreme Court.

Race Trouble Nearly Over.

By Telegraph to The Freeman.

GREENVILLE, Miss., Sept. 6.—The trouble at Sunny Side is about ended. There remains only George Allen to be dealt with. His party have all deserted him, except one man with whom he crossed the Tallahatchie River, and when last heard from was making his way to Charleston, Tallahatchie County. A posse is on his trail. Sheriff Baskett received a telegram from the Chief-of-Police of Jackson yesterday, stating that Oliver Cromwell left there before he could be arrested. There have been no more Negroes killed, although a number have been taken alive, then set at liberty, upon their promise to go to work and behave themselves.

Valuable Pearls in Wisconsin.

By Telegraph to The Freeman.

ALBANY, Wis., Sept. 6.—The pearl excitement in this vicinity is now at its height. Although clams are getting scarce and the divers have to dig in the mud in the bottom of the River the finds are more numerous and valuable than ever. The largest and by far the most valuable pearl in Wisconsin was found yesterday. A New-York buyer offered $3,500 for it, but the figure was considered too low. Hundreds of small pearls are found and sold daily. The purchasers are agents of Chicago, New-York and Paris houses.

Frost in the West.

By Telegraph to The Freeman.

KANSAS CITY, Sept. 6.—A light frost prevailed throughout Northern Kansas and Missouri Wednesday night. No damage was done to the corn crop.

DODGE CENTRE, Minn, Sept. 6.—A heavy frost in the Northern part of this County last night did considerable damage to corn.

PLATTSMOUTH, Neb., Sept. 6.—There was a heavy frost here last night. Much corn will be injured.

Reduction in Passenger Rates.

By Telegraph to The Freeman.

CHICAGO, Sept 6.—A dispatch from St Paul says the St. Paul & Duluth and Eastern Minnesota Railroads have decided to make a large reduction in through passenger rates. Tariffs are now in the hands of printers quoting the same rates from St. Paul to points east of the Sault Ste Marie, *via* Duluth, as are made by the "Soo" line from St. Paul and Minneapolis direct.

Doings of Insurance Men.

By Telegraph to The Freeman.

DENVER, Sept. 6.—The National Convention of Insurance Commissioners yesterday elected: President, G. S. Merrill, Massachusetts; Vice-President, S. C. Kemp, Ohio; Secretary, George B. Luper, Pennsylvania. The next Convention will be held at Cleveland.

By Telegraph to The Freeman.

NEWARK, N. J., Sept. 6.—This evening the one hundred and first birthday of Sarah VanNostrand will be celebrated at her home in Millstone by her relatives and friends. She has the full use of all her faculties, and takes a lively interest in affairs generally.

Slow Payment of Taxes.

By Telegraph to The Freeman.

ALBANY, N. Y., Sept. 6.—The State Treasurer to day received the third installment of the State taxes for New-York County which were due May 1 last, amounting to $500,000, leaving about the same amount yet to be paid by that County.

DOINGS OF RELIGIOUS BODIES.

Catholics Making Arrangements for the November Centennial—Colored Methodists.

By Telegraph to The Freeman.

BALTIMORE, Sept. 6.—A largely attended meeting of the Catholic clergy of Baltimore and Washington was held in the Library of the Cathedral yesterday for the purpose of discussing the details of the November Centennial. Cardinal Gibbons presided. The meeting resolved to have a torchlight procession of the societies of this City and Washington during the Centennial. About 60 Bishops will attend the Centennial and they will be given a reception at Concordia Hall, on Monday evening, November 11, when the illumination will take place. Among the distinguished guests will be Cardinal Taschereau, of Canada, and two or more dignitaries from Rome. Archbishop Ryan will probably preach. Cardinal Taschereau will occupy a throne immediately in front of the mortuary tablets on the epistle side of the sanctuary, while the Archbishops and Bishops will be seated in semi-circles on either side, as at the Third Plenary Council. The Rev. J. S. McCallen, of Montreal, has been invited to take charge of the celebration ceremonies.

FATHER HYMES NOT GUILTY.

By Telegraph to The Freeman.

PIERCE CITY, Mo., Sept. 6.—Yesterday the jury returned a verdict of not guilty in the case of the State of Missouri vs. Father Hynes. This was a case of malicious mischief against Father Hynes, who was charged with breaking the stile at the Catholic cemetery, of which he had control. The warrant was sworn out by Dennis Noonan at the instance of Bishop Hogan, as the deed of the cemetery was in the Bishop's name. The fight has been going on between Bishop Hogan and Father Hynes for six years. It was started by some rebellious parishioners who refused to pay pew rent and enlisted the Bishop in their behalf. The Bishop suspended Hynes two years ago and the Priest made a trip to Rome and was reinstated by the Propaganda. A short time after his return the Bishop ordered him to Higginsville, and as the members of his Church continued to stand by him he refused to go, when Bishop Hogan again suspended him and brought suit in ejectment to get him out of the Church property, and also had him arrested for breaking the stile at the cemetery. Hynes continues to hold services, claiming that as the deed to the church property was made under the Dake Constitution the conveyance was void, and the property belongs to the members of the parish, who are with him. He said to-day: "I have taken this fight upon my own shoulders, for other priests as well as myself. Many of them are ignorant of their rights. Father McGlynn was too weak."

AFRICAN METHODIST CHURCH.

MILWAUKEE, Sept. 6.—The North-western Conference of the African Methodist Church yesterday adopted an elaborate report, advising a general exodus of Negroes from the South to the North-west. Murder and disfranchisement are charged to be the rule at the South, and the exodus is recommended as a remedy. Incidentally Congress is urged to lessen the representation of the South in proportion to the disfranchisement of the colored race.

By Telegraph to The Freeman

"Eight Hours Day" Rejected in Scotland—Shipwrights Strike at Cumberland.

By Cable to The Freeman.

DUNDEE, Sept. 6.—At the session of the Trades Unions Congress to-day a vote was taken on the "eight hours day," and it was rejected, 88 to 63.

LONDON, Sept. 6.—Cardinal Manning, the Lord Mayor, the Bishop of London, and Sir John Lubbock are conferring with the officials of the Dock Companies and merchants. The Steam Navigation Company has conceded the strikers' terms. An increased number of wharf laborers are at work to-day. The shipwrights in the employ of the Williamsons, at Workington, in Cumberland, have struck for an advance of four shillings weekly.

Tragedy in a Mining Town.

By Telegraph to The Freeman

BRAZIE, Ind, Sept. 6.—George Potts, a "pick boss" in the Harrison coke mine at Clay City, and Robert McClusky, a miner employed under him, quarreled yesterday over the amount of time the latter had made. McClusky had been drinking and threatened to kill Potts. Securing a revolver he asked to be lowered into the pit where Potts was at work, saying he wanted to kill some rats, but was refused admission. He then went to Potts' house and talked abusively about him. This alarmed Mrs. Potts, who wrapped a revolver in a shawl and sent it to the mine to her husband, telling him of McCluskey's threats. When Potts returned home McCluskey was in his house abusing his family and flourishing a revolver. Believing it was his life or his opponent's on sight Potts fired through a screen door. The ball struck McCluskey in the heart and killed him. Potts surrendered, but it is believed he will be acquitted.

Miser Forced to Deposit His Money.

By Telegraph to The Freeman.

NEW-CASTLE, Ind., Sept. 6.—Relatives of a miserly old farmer went to his house near here yesterday and insisted that his money should be safely deposited. He brought out a bundle containing $2,000 and after much persuasion produced from various places in the old farm house his wealth. In the garret, stowed under the rafters, were found bundles of bills, and from beneath the floor were brought boxes and tin cans filled with gold and silver. The money, $26,000, was brought to this City and deposited.

Suicide of an Insanity Expert.

By Telegraph to The Freeman.

AURORA, Ills., Sept. 6.—Dr. David Tilton Brown, a wealthy retired farmer, hanged himself last night. Dr. Brown was at one time Chief of the Bloomingdale Insane Asylum of New-York, and was regarded as an authority on the treatment of insanity. In 1875 he himself became insane and went to Europe, where it was supposed he died. He was no doubt insane when he hung himself.

The Fire Record.

By Telegraph to The Freeman.

WATERTOWN, N. Y., Sept. 6.—A fire broke out this morning in the hotel stable of F. R. Turner, at Chippeway Bay, a summer resort on the St. Lawrence, and extended to the hotel and sheds and the Rosendalkers blacksmith shop. All were consumed. The store of Alexander Allen and several private dwellings were considerably damaged.

Tidings in Brief that the Telegraph, Cable and Mail Have Brought.

Thomas Slocum and Manuel Congdon quarrelled over some chickens while in the latter's house in the wilds of West Exeter, R. I., on Sunday. Congdon settled the dispute by discharging the contents of a shot-gun into Slocum's arms. He then reloaded the weapon and fired into Slocum's body. Slocum will die.

While Thomas Donohue was handling a lot of fulminate primers at the Winchester Arms Company, New-Haven, yesterday morning, they exploded and badly gashed him about the head and breast and cut his left hand and arm. He is in a critical condition with little hope of recovery.

Robert Amon, of Syracuse, an apprentice boy on the United States Steamer New-Hampshire, died at Newport Hospital last night of typhoid fever. This is the fourth death from the disease among the apprentices.

Henry Weinberg, of Atlantic City, was drowned while bathing yesterday morning near Howard's pier. He was 27 years of age, and was a venturesome bather.

Governor Hill has appointed Sylvester S. Taylor County Judge of Chemung County, to succeed Seymour Dexter, resigned.

The Court House at Carthage, N. C., was burned yesterday morning, and all the records were totally destroyed.

The town of Tiacolula, in Hidalgo, Mexico, has been entirely destroyed by floods.

HAMILTON ON THE WITNESS STAND.

He First Met the Woman Called "Eva" in Boston—His Statements.

By Telegraph to The Freeman.

NEW-YORK, Sept. 6.—Mrs. Swinton and her son Joshua Mann were arraigned before Judge McMahon at the Tombs Court this afternoon charged with grand larceny in the second degree. "Mother" Swinton looked worried and even shed a few crocodile tears. "Josh" borrowed $2 from his mother before the hearing opened.

As soon as Justice Hogan took his seat in the Court of General Sessions Robert Ray Hamilton went to the bar and affirmed to the complaints against the defendants. Mr. Ross, counsel for the defendants, said his clients pleaded not guilty and demanded an examination. Mr. Hamilton then took the witness stand. "I am complainant in these proceedings," he said. "I am a lawyer. I have known Eva L. Mann four years. I cannot tell the place where I first met her. I think it was somewhere in Boston. I did not know she was to be at the place where I first met her. In 1886 Eva represented to me that she was with child. I did not see her frequently during that time."

During the year he said he was in Albany while Eva was in New-York.

The Death Record.

Henry W. Genet, well known during the Tweed time, died at 9:50 o'clock this morning in New-York City after a long illness. Mr. Genet had been ill with a cancer in the throat for the last three years and was confined to his bed for two weeks. He was conscious to the last. He was a man of a remarkably strong constitution and this enabled him to withstand so long the ravages of the disease. Dr. Tinker expressed the opinion that the cancer was caused by the irritation of the rough edge of a tooth upon the tongue and excessive smoking.

Hon. William Lowell died last night at Auburn, Maine, aged 86. He was a member of the State House in 1838 and 1841 and served in the Senate in 1853. He figured largely in the combinations which led to the organization of the Republican party.

The Marquis de Molins, leader of the Conservatives in the Senate and well known litterateur, died at Madrid yesterday.

The fire is still burning.

EXPLOSION IN A CARTRIDGE FACTORY.

By Cable to The Freeman.

ANTWERP, Sept. 6.—Dynamite exploded to-day in a cartridge factory in the vicinity of the Bourse, killing several persons and doing much damage to property. Portions of the Bourse were struck by burning fragments and set on fire, causing a panic in that building, which was at the time crowded.

The cartridge factory was situated behind the docks upon which millions of cartridges were being loaded. It was adjacent to the petroleum stores and two large Russian petroleum warehouses were set on fire, and are now burning. Other stores are endangered. Police, gendarmes and troops are assisting in the work of extinguishing the flames, while Priests and Sisters of Charity are looking after the injured. The City is enveloped in a dense smoke.

LATER—One hundred and twenty-six persons were killed by the explosion.

Eighty thousand barrels of oil are burning. Eighty persons were injured.

TWO RAILROAD ACCIDENTS.

By Telegraph to The Freeman.

PITTSBURG, Pa., Sept. 6.—Passenger train No. 1 on the New-York, Pennsylvania & Ohio Railroad, due at Youngstown, Ohio, at 5 o'clock this morning, was derailed at Pymatuning. A freight train was lying on a siding, and a brakeman at the switch, in a hurry to get the train out, turned the switch. As the last sleeper was passing over the coach was thrown on its side, and the following persons were injured, though not fatally: Mrs. H. W. Clark, Mrs. E. S. Clark, Thomas Clark and Marion Clark, of Pittsburg, and W. H. Shields, of Eagleville. The injured were cared for by surgeons and forwarded to their homes.

KANSAS CITY, Sept. 6.—At 8:30 o'clock last night a collision occurred here in the Union depot yard which caused great excitement. The employe who gives the signals to the incoming and outgoing trains gave the Rock Island train the signal to come in and at the same time sent the Wabash train out on the same track. The Rock Island engine had just passed the switch when the Wabash engine crashed into the smoker and baggage cars behind. The smoker was overturned and the passengers badly shaken up but none were painfully injured. The collision occurred almost under the roof of the depot.

STEAMER CITY OF TRAVERSE IN PERIL.

By Telegraph to The Freeman.

MILWAUKEE, Sept. 6.—The steamer City of Traverse, of the Lake Superior Line, was towed in here yesterday by the steam barge Annie Laurie in a disabled condition. The Traverse was bound from Lake Superior with a full complement of freight and passengers. When off Little Point, Astabula, the rudder stock was broken by the pounding of the heavy sea, and the rudder was carried away. The steamer fell off in the trough of the sea, where for a time it was at the mercy of the waves. Many of the passengers had not yet retired and those who had were soon awakened by the rolling of the vessel. Captain Twitchell and his crew did everything possible to keep the steamer's head to the sea. The calmness of the officers, combined with the discipline of the crew, restored confidence in the minds of the passengers. After several hours' hard work the steamer was brought up in the wind and rode easily from that time until 2 o'clock in the morning, when the Annie Laurie was sighted.

THE CALL FOR A WHISKY CONVENTION.

The Democratic electors of the state of New-York and all other citizens who favor the principles of taxation, economy and retrenchment advocated by the Democratic party AND WHO ARE OPPOSED TO INEQUITABLE AND OPPRESSIVE SUMPTUARY LEGISLATION, are invited to elect three delegates and three alternates from each Assembly district to attend a State Convention to be held at Syracuse on Tuesday, the first day of October, 1889, at 12 o'clock noon, for the purpose of nominating candidates for state offices, to be voted for at the coming election, and for the transaction of such other busines as may properly come before the convention.

CORD MEYER, Secretary.

PROHIBITIONISTS AND THE AMENDMENT.

The Prohibition State Convention at Syracuse yesterday adopted a platform which contains the following resolution on the vital question which called the convention into existence:

We recognize the duty of the coming Legislature to submit to the electors of the state an amendment to the Constitution prohibiting the liquor traffic, but as the political machinery of both the old parties and almost the entire press of these parties in every recent contest have been combined for the defeat of prohibition, we protest against any such submission by any political party whose only purpose is prohibition defeat; and we further declare that if the amendment is submitted in this state the prohibition party will make every possible effort to secure its adoption.

This is a little ambiguous, but interpreted in the light of former expressions, acts and votes, we understand it to mean that it does not wish the Prohibition amendment submitted by either the Republican or Democratic party. The Prohibitionists have accused the Republican party of unfriendliness and hypocrisy, and have hitherto served as the open and active allies of the Democracy. Except for the peculiar wording of the official call for the Democratic State Convention and the interpretation given its language, first by the Albany *Argus* and later by the whole Democratic press, the Prohibitionists would undoubtedly have been delighted to accept a Prohibition amendment from a Democratic Legislature. The Governor unquestionably meant, in framing that call, to give a blow to high license only, but when he found that he was in danger of losing a great many votes he hastened to explain that in condemning "inequitable and oppressive sumptuary legislation," he meant only the Prohibition amendment passed by the Legislature last winter. In this explanation he has put his foot in his mouth still deeper, for the Prohibitionists can no longer regard him as their friend, or attempt to make a bargain with him for the election of a Democratic Legislature on the understanding that it will ratify the amendment and send it to the people.

Both parties being therefore excluded from the Prohibitionists' confidence, the latter are prepared to wait for the time when they can elect a Legislature or rather two successive Legislatures of their own. At the present rate of growth the outlook is rather discouraging for those earnest souls who yearn to see Prohibition written in the state constitution during the term of their natural lives. The Prohibition party has been doing business at the old stand for many years. Let us see at what rate it has gathered strength:

In 1876 the vote of the Prohibition party was 0.23 per cent of the whole; in 1877 it was 0.91 per cent, in 1878 it was 0.51 per cent; in 1880 it was 0.14 per cent: in 1881 it was 1.90 per cent; in 1882 it was 2.81 per cent; in 1883 it was 2.08 per cent; in 1884 it was 2.13 per cent; in 1885 it was 3 per cent; in 1886 it was 3.75 per cent; in 1887 it was 4 per cent; in 1888 it was 2.28 per cent. Thus in twelve years the net gain is a small fraction over two per cent, and there is yet 47.73 per cent of gain to be made before it can reach a majority. Here is a very simple problem in the rule of three: If 2 per cent is gained in twelve years how long will it take to gain 48 ? The solution would give us Prohibition in the year 1985, when there will be an election similar to that of 1889, and the Prohibition convention may possibly meet again at Syracuse.

But a gleam of common sense struck the framers of the resolution in the last clause, "We further declare that if the amendment is submitted in this state, the Prohibition party will make every effort to secure its adoption." Though the amendment is not desired at present, the party is bound to stand by it if it gets to the people. Well, a Republican Legislature is going to be elected, and the amendment is going to be sent to the people. The Prohibitionists may not be pleased, but they are as powerless to prevent Prohibition when undertaken by another party as to enact it by themselves. There is, however, a way to avert it if they wish. Let them join the Republicans in the election of a Legislature, by simply refraining from nominating third candidates in opposition to sincere temperance Republicans in Republican Senate and Assembly districts, and a two-thirds majority will be elected in both houses in favor of high license. The party did indeed declare against license high or low in its platform yesterday, but since it must accept some sort of license till it can carry the state, why not take the highest rate and increase the restrictions upon the nefarious traffic ? Why not, indeed, move on the lines of reason and common sense, instead of insisting upon no change whatever until they can secure that which is impracticable on their own plan for almost a century at the shortest ?

THE CAUSE OF LABOR TROUBLES.

The miners are continually on strike because, they say, their wages are just high enough to enable them to starve to death with promptness and dispatch. The truth is that if the condition of these miners were to be described by the graphic pen of Howells, the whole people would cry in unison, 'Impossible!' But it is possible, nevertheless, and the tragedy is being enacted, not in Dahomey, but in the "land of the free and the home of the brave."—*Troy Standard.*

In the remainder of a pretty long article the *Standard* pays its disrespects to the employing operators, accusing them of getting rich in the face of all this poverty, and hence of inhumanity and greed.

But the mining regions are full of foreign cheap labor. The Hungarians and Poles who are employed largely have shown ability to thrive on the very wages that are now the subject of complaint. They come to America and crowd out the native workmen and those of foreign birth who have accomplished American civilization and the higher arts of living. The latter drift off into other occupations and leave the Huns and Poles to their filth. They would get along very well, except that their old neighbors keep coming and form a great, undesirable and unneeded crowd. We may enact laws to shut out workingmen who come from abroad under contract, but these people are here and still keep coming. Hence the labor market is congested and the mining regions are filling up with imported paupers. It is impossible to give them all work, and the low wages complained of are the result of a philanthropic endeavor on the party of employers to distribute the money around among the largest possible number instead of paying high wages and giving full hours to a few.

We do not think the case of these imported miners calls for sympathy as long as they find the conditions of living here as favorable as those which they left behind. If this were not the case they would go back. Our country cannot undertake to employ and feed an unlimited and unneeded mass of European immigrants simply because they are here. Even the rich mine owners cannot afford to deviate from strict business principles in order to support them. It is one of the cheap tricks of demagogy to vent jibes at those who have succeeded and accomplished prosperity. But neither riches nor poverty is a crime. But it would be a crime for prosperous men to sacrifice themselves and their interests by generously providing wages for men whom they do not need, and whose employment would probably involve them in ruin.

If this country continues to keep its doors open, it will in a few years find upon its hands the entire pauper population of Europe. Then everybody who works will have to come down to the level of European wages, while there will not be employment enough to go around. If there is to be real reform, it will not begin by complaints against employers for not taking in and providing for all who come. It must begin by sending back all immigrants who cannot give a guarantee of a comfortable support from the moment of landing. And if an employer is caught in aiding the ingress of such people, his punishment must be quick and severe.

WAS THERE A PLOT TO MURDER?

Yesterday's sensation in the Hamilton bogus baby case was the disclosure of the existence of a will by Hamilton in which he bequeathed all of his property to his "daughter" Beatrice, the same to revert to his wife Eva in case the baby died before reaching her majority. Josh Mann confessed to Inspector Byrnes some of the details of this will, and the promise of Eva that she would marry him if Hamilton died. Though Hamilton gives promise of outliving Mann by many years, the latter and his friend Eva coolly discussed the chances, the latter remarking that her husband was careless in riding horseback and might get killed at any time. These words are supposed to relate to a plot to murder Hamilton as soon as all the arrangements were completed for giving his wife the possession of his property through the death of the feeble and defenseless baby Beatrice.

Mr. Hamilton seems to have come to his senses at last, for he sent a friend to Atlantic City from New York, who, proceeding with a search warrant, succeeded in removing every article belonging to him from the Rupp cottage. It is probable, therefore, that the woman who so successfully duped him will never see him again. The bogus baby transaction has been clearly proved, and this will suffice to send her to state prison. In connection with this surmise of a plot to murder Hamilton, it will be remembered that the stabbing of Mrs. Donnelly occurred during a quarrel in the room of the Hamiltons, and that the dagger cut a large rent in Hamilton's clothing before it was turned upon the nurse. Had a murder plot ripened on that almost fatal morning ?

PUBLIC OPINION.

W. L. Scott of Pennsylvania is treating his Illinois miners very little better than if he were a confirmed Republican protectionist. If Mr. Scott is not prepared to be decent when he comes West with his enterprises, he should stay in Pennsylvania.—*St. Louis Republic, Dem.*

Let every tax-payer in Oswego county remember when he pays a $2 tax it would have been $1 except for the action of David Bennet Hill ! Let every taxpayer remember that when he pays a tax of $10, he may thank Hill for five of it. Let every tax-payer remember that when he pays a tax of $50, it would have been only $25 except for Hill's vetoes !—*Oswego Times.*

There is something refreshingly complete, if not satisfactory, about a duel reported from Idaho. The principals, who were unable to agree in regard to a young woman with whom each was in love, undertook to settle the matter with pistols. Both were shot dead in the second round. Duelling is to be deprecated in general and in particular cases; but when two men are so foolish as to resort to the barbaric practice they deserve the fate to which they voluntarily expose themselves.—*New York Tribune.*

Several of our Republican contemporaries are jovial in their comments over what they call Gov. Hill's mistake in making the call for the state convention of the Democratic party a call for a saloon convention. The laugh is because Gov. Hill is believed to have mortally offended the better class of Democrats by this call. But really "the laugh is on" those silly Republicans who make calculations upon a "better class" of Democrats as a political element. The worst class makes the nominations, and all classes of Democrats vote the same tickets.—*Binghamton Republican.*

CORD MEYER, Secretary.

PROHIBITIONISTS AND THE AMENDMENT.

The Prohibition State Convention at Syracuse yesterday adopted a platform which contains the following resolution on the vital question which called the convention into existence:

We recognize the duty of the coming Legislature to submit to the electors of the state an amendment to the Constitution prohibiting the liquor traffic, but as the political machinery of both the old parties and almost the entire press of these parties in every recent contest have been combined for the defeat of prohibition, we protest against any such submission by any political party whose only purpose is prohibition defeat; and we further declare that if the amendment is submitted in this state the prohibition party will make every possible effort to secure its adoption.

This is a little ambiguous, but interpreted in the light of former expressions, acts and votes, we understand it to mean that it does not wish the Prohibition amendment submitted by either the Republican or Democratic party. The Prohibitionists have accused the Republican party of unfriendliness and hypocrisy, and have hitherto served as the open and active allies of the Democracy. Except for the peculiar wording of the official call for the Democratic State Convention and the interpretation given its language, first by the Albany *Argus* and later by the whole Democratic press, the Prohibitionists would undoubtedly have been delighted to accept a Prohibition amendment from a Democratic Legislature. The Governor unquestionably meant, in framing that call, to give a blow to high license only, but when he found that he was in danger of losing a great many votes he hastened to explain that in condemning "inequitable and oppressive sumptuary legislation," he meant only the Prohibition amendment passed by the Legislature last winter. In this explanation he has put his foot in his mouth still deeper, for the Prohibitionists can no longer regard him as their friend, or attempt to make a bargain with him for the election of a Democratic Legislature on the understanding that it will ratify the amendment and send it to the people.

Both parties being therefore excluded from the Prohibitionists' confidence, the latter are prepared to wait for the time when they can elect a Legislature or rather two successive Legislatures of their own. At the present rate of growth the outlook is rather discouraging for those earnest souls who yearn to see Prohibition written in the state constitution during the term of their natural lives. The Prohibition party has been doing business at the old stand for many years. Let us see at what rate it has gathered strength:

In 1876 the vote of the Prohibition party was 0.23 per cent of the whole; in 1877 it was 0.91 per cent, in 1878 it was 0.51 per cent; in 1880 it was 0.14 per cent: in 1881 it was 1.90 per cent; in 1882 it was 2.81 per cent; in 1883 it was 2.08 per cent; in 1884 it was 2.13 per cent; in 1885 it was 3 per cent; in 1886 it was 3.75 per cent; in 1887 it was 4 per cent; in 1888 it was 2.28 per cent. Thus in twelve years the net gain is a small fraction over two per cent, and there is yet 47.73 per cent of gain to be made before it can reach a majority. Here is a very simple problem in the rule of three: If 2 per cent is gained in twelve years how long will it take to gain 48? The solution would give us Prohibition in the year 1985, when there will be an election similar to that of 1889, and the Prohibition convention may possibly meet again at Syracuse.

But a gleam of common sense struck the framers of the resolution in the last clause, "We further declare that if the amendment is submitted in this state, the Prohibition party will make every effort to secure its adoption." Though the amendment is not desired at present, the party is bound to stand by it if it gets to the people. Well, a Republican Legislature is going to be elected, and the amendment is going to be sent to the people. The Prohibitionists may not be pleased, but they are as powerless to prevent Prohibition when undertaken by another party as to enact it by themselves. There is, however, a way to avert it if they wish. Let them join the Republicans in the election of a Legislature, by simply refraining from nominating third candidates in opposition to sincere temperance Republicans in Republican Senate and Assembly districts, and a two-thirds majority will be elected in both houses in favor of high license. The party did indeed declare against license high or low in its platform yesterday, but since it must accept some sort of license till it can carry the state, why not take the highest rate and increase the restrictions upon the nefarious traffic? Why not, indeed, move on the lines of reason and common sense, instead of insisting upon no change whatever until they can secure that which is impracticable on their own plan for almost a century at the shortest?

THE CAUSE OF LABOR TROUBLES.

The miners are continually on strike because, they say, their wages are just high enough to enable them to starve to death with promptness and dispatch. The truth is that if the condition of these miners were to be described by the graphic pen of Howells, the whole people would cry in unison, 'Impossible!' But it is possible, nevertheless, and the tragedy is being enacted, not in Dahomey, but in the "land of the free and the home of the brave."—*Troy Standard.*

In the remainder of a pretty long article the *Standard* pays its disrespects to the employing operators, accusing them of getting rich in the face of all this poverty, and hence of inhumanity and greed.

But the mining regions are full of foreign cheap labor. The Hungarians and Poles who are employed largely have shown ability to thrive on the very wages that are now the subject of complaint. They come to America and crowd out the native workmen and those of foreign birth who have accomplished American civilization and the higher arts of living. The latter drift off into other occupations and leave the Huns and Poles to their filth. They would get along very well, except that their old neighbors keep coming and form a great, undesirable and unneeded crowd. We may enact laws to shut out workingmen who come from abroad under contract, but these people are here and still keep coming. Hence the labor market is congested and the mining regions are filling up with imported paupers. It is impossible to give them all work, and the low wages complained of are the result of a philanthropic endeavor on the party of employers to distribute the money around among the largest possible number instead of paying high wages and giving full hours to a few.

We do not think the case of these imported miners calls for sympathy as long as they find the conditions of living here as favorable as those which they left behind. If this were not the case they would go back. Our country cannot undertake to employ and feed an unlimited and unneeded mass of European immigrants simply because they are here. Even the rich mine owners cannot afford to deviate from strict business principles in order to support them. It is one of the cheap tricks of demagogy to vent jibes at those who have succeeded and accomplished prosperity. But neither riches nor poverty is a crime. But it would be a crime for prosperous men to sacrifice themselves and their interests by generously providing wages for men whom they do not need, and whose employment would probably involve them in ruin.

If this country continues to keep its doors open, it will in a few years find upon its hands the entire pauper population of Europe. Then everybody who works will have to come down to the level of European wages, while there will not be employment enough to go around. If there is to be real reform, it will not begin by complaints against employers for not taking in and providing for all who come. It must begin by sending back all immigrants who cannot give a guarantee of a comfortable support from the moment of landing. And if an employer is caught in aiding the ingress of such people, his punishment must be quick and severe.

WAS THERE A PLOT TO MURDER?

Yesterday's sensation in the Hamilton bogus baby case was the disclosure of the existence of a will by Hamilton in which he bequeathed all of his property to his "daughter" Beatrice, the same to revert to his wife Eva in case the baby died before reaching her majority. Josh Mann confessed to Inspector Byrnes some of the details of this will, and the promise of Eva that she would marry him if Hamilton died. Though Hamilton gives promise of outliving Mann by many years, the latter and his friend Eva coolly discussed the chances, the latter remarking that her husband was careless in riding horseback and might get killed at any time. These words are supposed to relate to a plot to murder Hamilton as soon as all the arrangements were completed for giving his wife the possession of his property through the death of the feeble and defenseless baby Beatrice.

Mr. Hamilton seems to have come to his senses at last, for he sent a friend to Atlantic City from New York, who, proceeding with a search warrant, succeeded in removing every article belonging to him from the Rupp cottage. It is probable, therefore, that the woman who so successfully duped him will never see him again. The bogus baby transaction has been clearly proved, and this will suffice to send her to state prison. In connection with this surmise of a plot to murder Hamilton, it will be remembered that the stabbing of Mrs. Donnelly occurred during a quarrel in the room of the Hamiltons, and that the dagger cut a large rent in Hamilton's clothing before it was turned upon the nurse. Had a murder plot ripened on that almost fatal morning?

PUBLIC OPINION.

W. L. Scott of Pennsylvania is treating his Illinois miners very little better than if he were a confirmed Republican protectionist. If Mr. Scott is not prepared to be decent when he comes West with his enterprises, he should stay in Pennsylvania.—*St. Louis Republic, Dem.*

Let every tax-payer in Oswego county remember when he pays a $2 tax it would have been $1 except for the action of David Bennet Hill! Let every taxpayer remember that when he pays a tax of $10, he may thank Hill for five of it. Let every tax-payer remember that when he pays a tax of $50, it would have been only $25 except for Hill's vetoes!—*Oswego Times.*

There is something refreshingly complete, if not satisfactory, about a duel reported from Idaho. The principals, who were unable to agree in regard to a young woman with whom each was in love, undertook to settle the matter with pistols. Both were shot dead in the second round. Duelling is to be deprecated in general and in particular cases; but when two men are so foolish as to resort to the barbaric practice they deserve the fate to which they voluntarily expose themselves.—*New York Tribune.*

Several of our Republican contemporaries are jovial in their comments over what they call Gov. Hill's mistake in making the call for the state convention of the Democratic party a call for a saloon convention. The laugh is because Gov. Hill is believed to have mortally offended the better class of Democrats by this call. But really "the laugh is on" those silly Republicans who make calculations upon a "better class" of Democrats as a political element. The worst class makes the nominations, and all classes of Democrats vote the same tickets.—*Binghamton Republican.*

THE CALL FOR A WHISKY CONVENTION.

The Democratic electors of the state of New-York and all other citizens who favor the principles of taxation, economy and retrenchment advocated by the Democratic party AND WHO ARE OPPOSED TO INEQUITABLE AND OPPRESSIVE SUMPTUARY LEGISLATION, are invited to elect three delegates and three alternates from each Assembly district to attend a State Convention to be held at Syracuse on Tuesday, the first day of October, 1889, at 12 o'clock noon, for the purpose of nominating candidates for state offices, to be voted for at the coming election, and for the transaction of such other busines as may properly come before the convention

(Signed.) EDWARD MURPHY, JR., Chairman.

CORD MEYER, Secretary.

PROHIBITIONISTS AND THE AMENDMENT.

The Prohibition State Convention at Syracuse yesterday adopted a platform which contains the following resolution on the vital question which called the convention into existence:

> We recognize the duty of the coming Legislature to submit to the electors of the state an amendment to the Constitution prohibiting the liquor traffic, but as the political machinery of both the old parties and almost the entire press of these parties in every recent contest have been combined for the defeat of prohibition, we protest against any such submission by any political party whose only purpose is prohibition defeat; and we further declare that if the amendment is submitted in this state the prohibition party will make every possible effort to secure its adoption.

This is a little ambiguous, but interpreted in the light of former expressions, acts and votes, we understand it to mean that it does not wish the Prohibition amendment submitted by either the Republican or Democratic party. The Prohibitionists have accused the Republican party of unfriendliness and hypocrisy, and have hitherto served as the open and active allies of the Democracy. Except for the peculiar wording of the official call for the Democratic State Convention and the interpretation given its language, first by the Albany *Argus* and later by the whole Democratic press, the Prohibitionists would undoubtedly have been delighted to accept a Prohibition amendment from a Democratic Legislature. The Governor unquestionably meant, in framing that call, to give a blow to high license only, but when he found that he was in danger of losing a great many votes he hastened to explain that in condemning "inequitable and oppressive sumptuary legislation," he meant only the Prohibition amendment passed by the Legislature last winter. In this explanation he has put his foot in his mouth still deeper, for the Prohibitionists can no longer regard him as their friend, or attempt to make a bargain with him for the election of a Democratic Legislature on the understanding that it will ratify the amendment and send it to the people.

Both parties being therefore excluded from the Prohibitionists' confidence, the latter are prepared to wait for the time when they can elect a Legislature or rather two successive Legislatures of their own. At the present rate of growth the outlook is rather discouraging for those earnest souls who yearn to see Prohibition written in the state constitution during the term of their natural lives. The Prohibition party has been doing business at the old stand for many years. Let us see at what rate it has gathered strength:

In 1876 the vote of the Prohibition party was 0.23 per cent of the whole; in 1877 it was 0.91 per cent, in 1878 it was 0.51 per cent; in 1880 it was 0.14 per cent: in 1881 it was 1.90 per cent; in 1882 it was 2.81 per cent; in 1883 it was 2.08 per cent; in 1884 it was 2.13 per cent; in 1885 it was 3 per cent; in 1886 it was 3.75 per cent; in 1887 it was 4 per cent; in 1888 it was 2.28 per cent. Thus in twelve years the net gain is a small fraction over two per cent, and there is yet 47.73 per cent of gain to be made before it can reach a majority. Here is a very simple problem in the rule of three: If 2 per cent is gained in twelve years how long will it take to gain 48 ? The solution would give us Prohibition in the year 1985, when there will be an election similar to that of 1889, and the Prohibition convention may possibly meet again at Syracuse.

But a gleam of common sense struck the framers of the resolution in the last clause, "We further declare that if the amendment is submitted in this state, the Prohibition party will make every effort to secure its adoption." Though the amendment is not desired at present, the party is bound to stand by it if it gets to the people. Well, a Republican Legislature is going to be elected, and the amendment is going to be sent to the people. The Prohibitionists may not be pleased, but they are as powerless to prevent Prohibition when undertaken by another party as to enact it by themselves. There is, however, a way to avert it if they wish. Let them join the Republicans in the election of a Legislature, by simply refraining from nominating third candidates in opposition to sincere temperance Republicans in Republican Senate and Assembly districts, and a two-thirds majority will be elected in both houses in favor of high license. The party did indeed declare against license high or low in its platform yesterday, but since it must accept some sort of license till it can carry the state, why not take the highest rate and increase the restrictions upon the nefarious traffic ? Why not, indeed, move on the lines of reason and common sense, instead of insisting upon no change whatever until they can secure that which is impracticable on their own plan for almost a century at the shortest ?

THE CAUSE OF LABOR TROUBLES.

> The miners are continually on strike because, they say, their wages are just high enough to enable them to starve to death with promptness and dispatch. The truth is that if the condition of these miners were to be described by the graphic pen of Howells, the whole people would cry in unison, 'Impossible!' But it is possible, nevertheless, and the tragedy is being enacted, not in Dahomey, but in the "land of the free and the home of the brave."—*Troy Standard.*

In the remainder of a pretty long article the *Standard* pays its disrespects to the employing operators, accusing them of getting rich in the face of all this poverty, and hence of inhumanity and greed.

But the mining regions are full of foreign cheap labor. The Hungarians and Poles who are employed largely have shown ability to thrive on the very wages that are now the subject of complaint. They come to America and crowd out the native workmen and those of foreign birth who have accomplished American civilization and the higher arts of living. The latter drift off into other occupations and leave the Huns and Poles to their filth. They would get along very well, except that their old neighbors keep coming and form a great, undesirable and unneeded crowd. We may enact laws to shut out workingmen who come from abroad under contract, but these people are here and still keep coming. Hence the labor market is congested and the mining regions are filling up with imported paupers. It is impossible to give them all work, and the low wages complained of are the result of a philanthropic endeavor on the party of employers to distribute the money around among the largest possible number instead of paying high wages and giving full hours to a few.

We do not think the case of these imported miners calls for sympathy as long as they find the conditions of living here as favorable as those which they left behind. If this were not the case they would go back. Our country cannot undertake to employ and feed an unlimited and unneeded mass of European immigrants simply because they are here. Even the rich mine owners cannot afford to deviate from strict business principles in order to support them. It is one of the cheap tricks of demagogy to vent jibes at those who have succeeded and accomplished prosperity. But neither riches nor poverty is a crime. But it would be a crime for prosperous men to sacrifice themselves and their interests by generously providing wages for men whom they do not need, and whose employment would probably involve them in ruin.

If this country continues to keep its doors open, it will in a few years find upon its hands the entire pauper population of Europe. Then everybody who works will have to come down to the level of European wages, while there will not be employment enough to go around. If there is to be real reform, it will not begin by complaints against employers for not taking in and providing for all who come. It must begin by sending back all immigrants who cannot give a guarantee of a comfortable support from the moment of landing. And if an employer is caught in aiding the ingress of such people, his punishment must be quick and severe.

WAS THERE A PLOT TO MURDER?

Yesterday's sensation in the Hamilton bogus baby case was the disclosure of the existence of a will by Hamilton in which he bequeathed all of his property to his "daughter" Beatrice, the same to revert to his wife Eva in case the baby died before reaching her majority. Josh Mann confessed to Inspector Byrnes some of the details of this will, and the promise of Eva that she would marry him if Hamilton died. Though Hamilton gives promise of outliving Mann by many years, the latter and his friend Eva coolly discussed the chances, the latter remarking that her husband was careless in riding horseback and might get killed at any time. These words are supposed to relate to a plot to murder Hamilton as soon as all the arrangements were completed for giving his wife the possession of his property through the death of the feeble and defenseless baby Beatrice.

Mr. Hamilton seems to have come to his senses at last, for he sent a friend to Atlantic City from New York, who, proceeding with a search warrant, succeeded in removing every article belonging to him from the Rupp cottage. It is probable, therefore, that the woman who so successfully duped him will never see him again. The bogus baby transaction has been clearly proved, and this will suffice to send her to state prison. In connection with this surmise of a plot to murder Hamilton, it will be remembered that the stabbing of Mrs. Donnelly occurred during a quarrel in the room of the Hamiltons, and that the dagger cut a large rent in Hamilton's clothing before it was turned upon the nurse. Had a murder plot ripened on that almost fatal morning ?

PUBLIC OPINION.

W. L. Scott of Pennsylvania is treating his Illinois miners very little better than if he were a confirmed Republican protectionist. If Mr. Scott is not prepared to be decent when he comes West with his enterprises, he should stay in Pennsylvania.—*St. Louis Republic, Dem.*

Let every tax-payer in Oswego county remember when he pays a $2 tax it would have been $1 except for the action of David Bennet Hill! Let every taxpayer remember that when he pays a tax of $10, he may thank Hill for five of it. Let every tax-payer remember that when he pays a tax of $50, it would have been only $25 except for Hill's vetoes !—*Oswego Times.*

There is something refreshingly complete, if not satisfactory, about a duel reported from Idaho. The principals, who were unable to agree in regard to a young woman with whom each was in love, undertook to settle the matter with pistols. Both were shot dead in the second round. Duelling is to be deprecated in general and in particular cases; but when two men are so foolish as to resort to the barbaric practice they deserve the fate to which they voluntarily expose themselves.—*New York Tribune.*

Several of our Republican contemporaries are jovial in their comments over what they call Gov. Hill's mistake in making the call for the state convention of the Democratic party a call for a saloon convention. The laugh is because Gov. Hill is believed to have mortally offended the better class of Democrats by this call. But really "the laugh is on" those silly Republicans who make calculations upon a "better class" of Democrats as a political element. The worst class makes the nominations, and all classes of Democrats vote the same tickets.—*Binghamton Republican.*

The State Assessors and the Alleged Inequality of the Tax Equalization of New-York City—The Swiss Government and the Illegal Arrest of Five American Citizens.

The State Assessors make these pertinent suggestions relative to the continual cry of inequality on the State tax equalization in New-York City.

There continues to be complaints concerning the equalization of New-York. The complaints come mainly from persons who we know have not given the subject such investigation as will warrant their criticism of the action of the State Board of Equalization. That there is a gross misapprehension of the real facts is manifest from the articles appearing in the press. Most people look at an equalization table, and finding that certain amounts have been added to the assessment or deducted from the assessment of a county, rush to the conclusion that the per cent. of the State tax will be higher or lower. Often the effect is directly the opposite. Equalization is the apportionment of the aggregate assessment of the realty among the several counties, and its course and effect can be determined only by comparison of the rate. Compare New-York and Kings County for the year 1887, about which there has been some contention. The equalization of the year noted took $22,909,788 from the assessment of Kings, yet the rate was raised from 10,734 per cent. of the year before to 10,824, so that Kings paid the State tax on 9-100 of one per cent. more in 1887 than in 1886. The same equalization added to New-York $119,725,885, which advanced the rate of New-York from 43.740 to 43.754, so that New-York paid State tax on hardly 14-1000 of one per cent. more of the realty than in 1886. Thus Kings in that year was actually increased 26 times as much as New-York. In only three years out of 17 has New-York been as low as in 1887. The average for 17 years was 44,982. The rate in 1887 was much below this. Had New-York been equalized at this average rate in 1887, $37,149,812 more would have been added to to the equalization. The average rate for the last 10 years was 44.344. Had the equalization been made upon that basis, $17,848,856 more would have been added, and had the equalization been made at the rate of 1885, $134,913,147 would have been added instead of less than $120,000,000. This equalization produced an insignificant trifle in taxation over 1886. During the term of the present State Assessors the percentage of State taxes paid by New-York County has steadily decreased. In 1873 New-York paid 51.845 per cent. of the State tax as against 44.978 in 1888. Still the question is not what large or small portion of the State tax does New-York pay, but is a just equalization made between New-York and the other 59 counties of the State. We have, during the last summer, devoted some six weeks to a thorough and complete investigation of values in that County, to the end that we might change our former basis upon a thorough revision of our work, should the facts warrant. We have tabulated a vast number of sales made at the Real Estate Exchange and by individuals aggregating many millions of dollars. We have consulted many managers of large estates, lawyers, bankers, real estate dealers, corporations and individual owners and experts in real estate, and all the evidence establishes beyond controversy that the reality of the County of New-York is not assessed at more than 60 per cent. of its actual value. In fact the most competent and reliable real estate experts outside of the Commissioners of Taxes and Assessments do not claim that it is assessed at a higher rate. The Commissioners of Taxes and Assessments insist that the per cent is higher, but do not establish their figure. They insist that we should consult no individual as to value, except in their presence and under their cross-examination. They also take the position that sales reported as made at the Exchange, and as appears by conveyances in the Register's office, are misleading and of no value. This position we believe to be utterly untenable, and if conceded we should have no course except to take the unsupported theory of the Commissioners of Taxes and Assessments; and recommend the equalization of New-York County at or below its assessment. It is unfortunate that any large portion of the residents of a county should feel that it pays an undue proportion of the State tax, and our efforts have constantly been directed to produce as near as possible an exact equality and to this end we have suggested to the Commissioners of Taxes and Assessments of New-York that they appoint a reliable and competent person to attend with us at our hearings in each county to be hereafter visited. An investigation of this character, we doubt not, would satisfy the Commissioners that the remaining 59 counties are not shirking their full share of the public burdens. New-York increased its assessment of realty over 1887, $48,327,030, and of personal, $6,002,047. The State Board of Assessors compiled a list of sales and estimated values of properties in New-York City, aggregating over $80,000,000. The assessed valuation of said property being about $38,000,000. The average assessment of this property as shown by the Assessors' books in New-York City was 44½ per cent. We recommend that the present equalization be made at 60 per cent.

This is the first time that the Board of Equalization completed their labors the first day, but as no complainants presented themselved it was possible for them to close their work, the equalization table having been prepared and submitted by the Assessors as soon as the Board got together.

In Tangier there was a Jewish school receiving large aid from the Alliance Israelite at Paris. French and English were both taught. The Alliance Committee, however, undertook to promote the interests of France by requiring English to be excluded, and all instruction to be given in French. On account of the relations with Gibraltar, English is an important language to the Tangier Jews, so they refused to yield, and the French have set up an opposition school, which so far is not successful.

Following is the Boston & Montana's product for June and July, 1889, not heretofore given out: June, 2,557,171 pounds of fine copper and 36,373 ounces of silver; July, 1,600,000 pounds of fine copper and 15,289 ounces of silver. The comparatively small product in July was caused by the closing of the lower smelter, which produces the silver matter, for two weeks owing to the necessity of cleaning out and deepening the pond from which the supply of water is drawn.

GENERAL WHEELING NOTES.

The races at the Berkley's tournament will commence at 2:30 to-morrow afternoon. All the crack flyers are entered, and as the track is considered one of the best in the country it is expected that several records will be broken, and the Banker brothers, who will ride in the tandem race, will have a chance to lower the record made at Hartford on Tuesday. The races will be held at their track at Berkeley Oval, Morris Dock.

The most successful ladies' wheel club in existence is the Woman's Wheel Club, of Buffalo, the membership numbering 55.

AQUATIC.

It is a curious fact that although the world's championship sculling race is to be rowed on the Thames River on Monday, neither of the contestants is an Englishman. Henry E. Searle is an Australian and William O'Connor is a Canadian. This is the second time within a comparatively brief period that Australia and Canada have furnished the candidates for championship, the last occasion being the match between Edward Hanlan and William Beach.

The regatta of the members of the Brooklyn Canoe Club will be held to-morrow. The annual regatta of the Ianthe Club will be held on the Passaic River on September 14. The regatta of the New-York Canoe Club will be held at Stapleton, S. I., on October 5.

James Owens, Detroit sprinter, will also complete his training at Travers Island.

It seems that Conneff and Thomas are not to have the championship distance runs all to themselves after all, as C. O. Wells, the Amherst College divinity student, who won the Intercollegiate one mile run on May 25 at the Berkeley Oval in phenomenal time, is to enter and compete.

The National Athletic Club will enter a team of five athletes in its boxing tournament, which is to be decided on October 10 and 12 at the Brooklyn Labor Lyceum.

The State Assessors and the Alleged Inequality of the Tax Equalization of New-York City—The Swiss Government and the Illegal Arrest of Five American Citizens.

The State Assessors make these pertinent suggestions relative to the continual cry of inequality on the State tax equalization in New-York City.

There continues to be complaints concerning the equalization of New-York. The complaints come mainly from persons who we know have not given the subject such investigation as will warrant their criticism of the action of the State Board of Equalization. That there is a gross misapprehension of the real facts is manifest from the articles appearing in the press. Most people look at an equalization table, and finding that certain amounts have been added to the assessment or deducted from the assessment of a county, rush to the conclusion that the per cent. of the State tax will be higher or lower. Often the effect is directly the opposite. Equalization is the apportionment of the aggregate assessment of the realty among the several counties, and its course and effect can be determined only by comparison of the rate. Compare New-York and Kings County for the year 1887, about which there has been some contention. The equalization of the year noted took $22,909,788 from the assessment of Kings, yet the rate was raised from 10,734 per cent. of the year before to 10,834, so that Kings paid the State tax on 9-100 of one per cent. more in 1887 than in 1886. The same equalization added to New-York $119,725,885, which advanced the rate of New-York from 43.740 to 43.751, so that New-York paid State tax on hardly 14.1000 of one per cent. more of the realty than in 1886. Thus Kings in that year was actually increased 26 times as much as New-York. In only three years out of 17 has New-York been as low as in 1887. The average for 17 years was 44.982. The rate in 1887 was much below this. Had New-York been equalized at this average rate in 1887, $37,149,812 more would have been added to to the equalization. The average rate for the last 10 years was 44.344. Had the equalization been made upon that basis, $17,848,856 more would have been added, and had the equalization been made at the rate of 1885, $134,913,147 would have been added instead of less than $120,000,000. This equalization produced an insignificant trifle in taxation over 1886. During the term of the present State Assessors the percentage of State taxes paid by New-York County has steadily decreased. In 1873 New-York paid 51.845 per cent. of the State tax as against 44.978 in 1888. Still the question is not what large or small portion of the State tax does New-York pay, but is a just equalization made between New-York and the other 59 counties of the State. We have, during the last summer, devoted some six weeks to a thorough and complete investigation of values in that County, to the end that we might change our former basis upon a thorough revision of our work, should the facts warrant. We have tabulated a vast number of sales made at the Real Estate Exchange and by individuals aggregating many millions of dollars. We have consulted many managers of large estates, lawyers, bankers, real estate dealers, corporations and individual owners and experts in real estate, and all the evidence establishes beyond controversy that the reality of the County of New-York is not assessed at more than 60 per cent. of its actual value. In fact the most competent and reliable real estate experts outside of the Commissioners of Taxes and Assessments do not claim that it is assessed at a higher rate. The Commissioners of Taxes and Assessments insist that the per cent is higher, but do not establish their figure. They insist that we should consult no individual as to value, except in their presence and under their cross-examination. They also take the position that sales reported as made at the Exchange, and as appears by conveyances in the Register's office, are misleading and of no value. This position we believe to be utterly untenable, and if conceded we should have no course except to take the unsupported theory of the Commissioners of Taxes and Assessments and recommend the equalization of New-York County at or below its assessment. It is unfortunate that any large portion of the residents of a county should feel that it pays an undue proportion of the State tax, and our efforts have constantly been directed to produce as near as possible an exact equality and to this end we have suggested to the Commissioners of Taxes and Assessments of New-York that they appoint a reliable and competent person to attend with us at our hearings in each county to be hereafter visited. An investigation of this character, we doubt not, would satisfy the Commissioners that the remaining 59 counties are not shirking their full share of the public burdens. New-York increased its assessment of realty over 1887, $48,327,030, and of personal, $6,002,047. The State Board of Assessors compiled a list of sales and estimated values of properties in New-York City, aggregating over $80,000,000. The assessed valuation of said property being about $38,000,000. The average assessment of this property as shown by the Assessors' books in New-York City was 44 1/2 per cent. We recommend that the present equalization be made at 60 per cent.

This is the first time that the Board of Equalization completed their labors the first day, but as no complainants presented themselved it was possible for them to close their work, the equalization table having been prepared and submitted by the Assessors as soon as the Board got together.

The celebration to-day of the 250th anniversary of the Congregational Church, of Stratford, Conn., calls to mind some of the old Connecticut blue laws, which were in force when the forefathers sat and shivered in the old church there. Here are samples of them:

No man shall be a freeman or give a vote unless he be converted and a member in full communion of one of the churches allowed in this dominion.

No man shall court a maid in person or by letter, without obtaining consent of her parents: five pounds penalty for the first offense, 10 pounds for the second, and for the third imprisonment during the pleasure of the Court.

No one shall run on the Sabbath day, or walk in his garden, or elsewhere, except reverently to and from meeting.

No one shall travel, cook victuals, make beds, sweep house, cut hair, or shave on the Sabbath day.

No woman shall kiss her child on the Sabbath or fasting day.

None shall buy or sell lands without permission of the Selectmen.

A drunkard shall have a master appointed by the Selectmen.

Whosoever publishes a lie to the prejudice of his neighbor shall be set in the stocks or be whipped 10 stripes.

No one shall read Common Prayer books, keep Christmas or set days, make minced pies, dance, play cards, or play on any instrument of music except the drum, trumpet, or jewsharp.

No food or lodging shall be offered to a Quaker, Adamite, or other heretic.

If any person turns Quaker he shall be banished and not suffered to return but on pain of death.

No Roman Catholic priest shall abide in the dominion; he shall be banished and suffer death on his return.

In Tangier there was a Jewish school receiving large aid from the Alliance Israelite at Paris. French and English were both taught. The Alliance Committee, however, undertook to promote the interests of France by requiring English to be excluded, and all instruction to be given in French. On account of the relations with Gibraltar, English is an important language to the Tangier Jews, so they refused to yield, and the French have set up an opposition school, which so far is not successful.

Following is the Boston & Montana's product for June and July, 1889, not heretofore given out: June, 2,557,171 pounds of fine copper and 36,373 ounces of silver; July, 1,600,000 pounds of fine copper and 15,289 ounces of silver. The comparatively small product in July was caused by the closing of the lower smelter, which produces the silver matter, for two weeks owing to the necessity of cleaning out and deepening the pond from which the supply of water is drawn.

The new Chinese Minister will bring his wife to Washington. She is the first woman of high caste who has been permitted to accompany her husband outside of the Celestial Kingdom; but the Washington barbarians will not profit by this concession, as she will be at once installed in a suite of apartments assigned for her occupancy and never see visitors or be seen by company.

The local journals announce that rubies of good quality have been found at Nansaka, in Burmah, in the Shan State of Mamlong, a tributary State of the Theebaw Tsawbwa. Rubies are also found in the Shan State of Momeit. The *Rangoon Gazette* states that rubies are known to exist in many localities in upper Burmah outside the tract leased to the Burmah Ruby Mines Company.

A dispatch from LaLibertad, San Salvador, *via* Galveston, says that the Government of San Salvador has obtained a loan of £300,000 in London for the purpose, it is believed, of extending the railway system. The British Consul's annual report for 1888 states that the past year was one of unusual prosperity for San Salvador.

The King and Queen of Greece have seven children, the youngest a year old. The Princess Alexandria is a very pretty girl of 19. The Queen is fond of American literature, takes all the magazines, and adores the works of Hawthorne. All the children speak French, English, Greek and Russian.

A memorial is to be erected at Canterbury to Christopher Marlowe, the Elizabethan poet, from one of whose dreams Goethe built up his tragedy of "Faust." Among the subscribers to the memorial are George W. Childs, H. H. Furness and James Russell Lowell.

The Goethehaus at Frankfort-on-the-Main being in danger of injury by the erection of a factory at the back of it, the Society of the Freie Hochstift purchased the ground for 75,000 marks, and the Town Council unanimously agreed to make up the sum themselves.

The Swiss Federal Council has announced that it has learned with great dissatisfaction that an illegal arrest of five American citizens has been made by the police at Berne. Measures have been taken to prevent a recurrence of such cases.

Arrangements are being made by the New-York and Boston Clubs for a special series of games, no matter which wins the pennant. These games, probably seven in number, can be played between October 5 and 15—three in New-York, three in Boston and one on neutral ground. The League season closes on October 5, and the Association season 10 days later. The games for the world's championship consequently cannot begin until October 15.

GENERAL WHEELING NOTES.

The races at the Berkley's tournament will commence at 2:30 to-morrow afternoon. All the crack flyers are entered, and as the track is considered one of the best in the country it is expected that several records will be broken, and the Banker brothers, who will ride in the tandem race, will have a chance to lower the record made at Hartford on Tuesday. The races will be held at their track at Berkeley Oval, Morris Dock.

The most successful ladies' wheel club in existence is the Woman's Wheel Club, of Buffalo, the membership numbering 55.

AQUATIC.

It is a curious fact that although the world's championship sculling race is to be rowed on the Thames River on Monday, neither of the contestants is an Englishman. Henry E. Searle is an Australian and William O'Connor is a Canadian. This is the second time within a comparatively brief period that Australia and Canada have furnished the candidates for championship, the last occasion being the match between Edward Hanlan and William Beach.

The regatta of the members of the Brooklyn Canoe Club will be held to-morrow. The annual regatta of the Ianthe Club will be held on the Passaic River on September 14. The regatta of the New-York Canoe Club will be held at Stapleton, S. I., on October 5.

James Owens, Detroit sprinter, will also complete his training at Travers Island.

It seems that Conneff and Thomas are not to have the championship distance runs all to themselves after all, as C. O. Wells, the Amherst College divinity student, who won the Intercollegiate one mile run on May 25 at the Berkeley Oval in phenomenal time, is to enter and compete.

The National Athletic Club will enter a team of five athletes in its boxing tournament, which is to be decided on October 10 and 12 at the Brooklyn Labor Lyceum.

HORSE RACING.

The winners at Sheepshead Bay yesterday were Firenzi, one mile and a-half, 2:35 4-5. Britannic, seven-eighths of a mile, 1:26 2-5, fastest time on record for the distance. The State Assessors and the Alleged Inequality of the Tax Equalization of New-York City—The Swiss Government and the Illegal Arrest of Five American Citizens.

The State Assessors make these pertinent suggestions relative to the continual cry of inequality on the State tax equalization in New-York City.

There continu s to be complaints concerning the equalization of New-York. The complaints come mainly from persons who we know have not given the subject such investigation as will warrant their criticism of the action of the State Board of Equalization. That there is a gross misapprehension of the real facts is manifest from the articles appearing in the press. Most people look at an equalization table, and finding that certain amounts have been added to the assessment or deducted from the assessment of a county, rush to the conclusion that the per cent. of the State tax will be higher or lower. Often the effect is directly the opposite. Equalization is the apportionment of the aggregate assessment of the realty among the several counties, and its course and effect can be determined only by comparison of the rate. Compare New-York and Kings County for the year 1887, about which there has been some contention. The equalization of the year named took $22,909,788 from the assessment of Kings, yet the rate was raised from 10,734 per cent. of the year before to 10,824, so that Kings paid the State tax on 9-100 of one per cent. more in 1887 than in 1886. The same equalization added to New-York $119,725,885, which advanced the rate of New-York from 43.740 to 43.754, so that New-York paid State tax on hardly 14-1000 of one per cent. more of the realty than in 1886. Thus Kings in that year was actually increased 26 times as much as New-York. In only three years out of 17 has New-York been as low as in 1887. The average for 17 years was 44.982. The rate in 1887 was much below this. Had New-York been equalized at this average rate in 1887, $37,149,812 more would have been added to to the equalization. The average rate for the last 10 years was 44.344. Had the equalization been made upon that basis, $17,848,856 more would have been added, and had the equalization been made at the rate of 1885, $134,913,147 would have been added instead of less than $120,000,000. This equalization produced an insignificant trifle in taxation over 1886. During the term of the present State Assessors the percentage of State taxes paid by New-York County has steadily decreased. In 1873 New-York paid 51.845 per cent. of the State tax as against 44.978 in 1888. Still the question is not what large or small portion of the State tax does New-York pay, but is a just equalization made between New-York and the other 59 counties of the State. We have, during the last summer, devoted some six weeks to a thorough and complete investigation of values in that County, to the end that we might change our former basis upon a thorough revision of our work, should the facts warrant. We have tabulated a vast number of sales made at the Real Estate Exchange and by individuals aggregating many millions of dollars. We have consulted many managers of large estates, lawyers, bankers, real estate dealers, corporations and individual owners and experts in real estate, and all the evidence establishes beyond controversy that the reality of the County of New-York is not assessed at more than 60 per cent. of its actual value. In fact the most competent and reliable real estate experts outside of the Commissioners of Taxes and Assessments do not claim that it is assessed at a higher rate. The Commissioners of Taxes and Assessments insist that the per cent is higher, but do not establish their figure. They insist that we should consult no individual as to value, except in their presence and under their cross-examination. They also take the position that sales reported as made at the Exchange, and as appears by conveyances in the Register's office, are misleading and of no value. This position we believe to be utterly untenable, and if conceded we should have no course except to take the unsupported theory of the Commissioners of Taxes and Assessments and recommend the equalization of New-York County at or below its assessment. It is unfortunate that any large portion of the residents of a county should feel that it pays an undue proportion of the State tax, and our efforts have constantly been directed to produce as near as possible an exact equality and to this end we have suggested to the Commissioners of Taxes and Assessments of New-York that they appoint a reliable and competent person to attend with us at our hearings in each county to be hereafter visited. An investigation of this character, we doubt not, would satisfy the Commissioners that the remaining 59 counties are not shirking their full share of the public burdens. New-York increased its assessment of realty over 1887, $48,327,030, and of personal, $6,002,047. The State Board of Assessors compiled a list of sales and estimated values of properties in New-York City, aggregating over $80,000,000. The assessed valuation of said property being about $38,000,000. The average assessment of this property as shown by the Assessors' books in New-York City was 44¾ per cent. We recommend that the present equalization be made at 60 per cent.

This is the first time that the Board of Equalization completed their labors the first day, but as no complainants presented themselves it was possible for them to close their work, the equalization table having been prepared and submitted by the Assessors as soon as the Board got together.

The celebration to-day of the 250th anniversary of the Congregational Church, of Stratford, Conn., calls to mind some of the old Connecticut blue laws, which were in force when the forefathers sat and shivered in the old church there. Here are samples of them:

In Tangier there was a Jewish school receiving large aid from the Alliance Israelite at Paris. French and English were both taught. The Alliance Committee, however, undertook to promote the interests of France by requiring English to be excluded, and all instruction to be given in French. On account of the relations with Gibraltar, English is an important language to the Tangier Jews, so they refused to yield, and the French have set up an opposition school, which so far is not successful.

Following is the Boston & Montana's product for June and July, 1889, not heretofore given out: June, 2,557,171 pounds of fine copper and 36,373 ounces of silver; July, 1,600,000 pounds of fine copper and 15,289 ounces of silver. The comparatively small product in July was caused by the closing of the lower smelter, which produces the silver matter, for two weeks owing to the necessity of cleaning out and deepening the pond from which the supply of water is drawn.

The new Chinese Minister will bring his wife to Washington. Arrangements are being made by the New-York and Boston Clubs for a special series of games, no matter which wins the pennant. These games, probably seven in number, can be played between October 5 and 15—three in New-York, three in Boston and one on neutral ground. The League season closes on October 5, and the Association season 10 days later. The games for the world's championship consequently cannot begin until October 15.

GENERAL WHEELING NOTES.

The races at the Berkley's tournament will commence at 2:30 to-morrow afternoon. All the crack flyers are entered, and as the track is considered one of the best in the country it is expected that several records will be broken, and the Banker brothers, who will ride in the tandem race, will have a chance to lower the record made at Hartford on Tuesday. The races will be held at their track at Berkeley Oval, Morris Dock.

The most successful ladies' wheel club in existence is the Woman's Wheel Club, of Buffalo, the membership numbering 55.

AQUATIC.

It is a curious fact that although the world's championship sculling race is to be rowed on the Thames River on Monday, neither of the contestants is an Englishman. Henry E. Searle is an Australian and William O'Connor is a Canadian. This is the second time within a comparatively brief period that Australia and Canada have furnished the candidates for championship, the last occasion being the match between Edward Hanlan and William Beach.

The regatta of the members of the Brooklyn Canoe Club will be held to-morrow. The annual regatta of the Ianthe Club will be held on the Passaic River on September 14. The regatta of the New-York Canoe Club will be held at Stapleton, S. I., on October 5.

Cary, the Western sprinter, who gained a 100-yard record of 10 seconds at the Western amateur athletic championship meeting at Detroit on June 15, will arrive in New-York to-morrow night and will proceed at once to Travers Island, where he will finish training for the amateur championship meeting, which is to be decided on the New-York Athletic Club's grounds on Saturday, September 14. James Owens, Detroit sprinter, will also complete his training at Travers Island.

It seems that Conneff and Thomas are not to have the championship distance runs all to themselves after all, as C. O. Wells, the Amherst College divinity student, who won the Intercollegiate one mile run on May 25 at the Berkeley Oval in phenomenal time, is to enter and compete.

The National Athletic Club will enter a team of five athletes in its boxing tournament, which is to be decided on October 10 and 12 at the Brooklyn Labor Lyceum.

HORSE RACING.

The winners at Sheepshead Bay yesterday were Firenzi, one mile and a-half, 2:35 4-5. Britannic, seven-eighths of a mile, 1:26 2-5, fastest time on record for the distance. THIS CITY'S NEWS AND CHAT.

MEN, MATTERS AND PROJECTS BRIEFLY PARAGRAPHED.

Brains and Business—Weather Prophet DeVoe Makes a Prediction—Verdict of a Coroners Jury—Election is Drawing Nigh—Common Council Meeting To-Night.

An article concerning brains and business, printed recently in this column, is being commented upon. The *Christian Union* says:

One great secret of success in business—the secret, in fact, of success on a large scale—is to conceive of it as a matter of principles, not merely as a series of transactions. There are great merchants as there are great statesmen and there are small merchants as there are small politicians, and the difference between the great and the small men is very much the same in both professions. The small politician works by the day and sees only the one opportunity before him; the small merchant does the same thing—he is looking for the next dollar. The statesman, on the other hand, is master of the situation because he understands the general principles which control events. This knowledge enables him to deal with large questions and to shape the future. The great merchant does the same thing. His business is not a mere money-getting affair, not a mere matter of barter, but a science and an art. He studies the general laws of trade, watches the general conditions of the country, investigates present needs, foresees future wants, and adapts his business to the broad conditions of his time and place. He puts as much brains into his work as does the statesman, and he ends by being, not a money getter, but a large-minded and capable man. An eminently successful business man of the statesman like quality, said the other day that the more he understood of life, the more clearly that he saw it was done on business principles. By which he meant, not only that the universe stands for the dollar, but that the universe is governed by unvarying laws, that promptness, exactness, thoroughness and honesty are wrought in every fibre. On these business principles all life is conducted—if not by men, at least by that Power which is behind man. It ought to be the ambition of every young man to treat his business from the point of view of the statesman, and not from that of the politician.

A physician has said this: "It is a mistake to look upon milk as a beverage. It is a liquid food, and though it quenches thirst at the moment, it makes it more intense after it has been some time in the stomach and its digestion commenced. Healthy infants which receive a sufficiency of milk often cry for long periods, to the bewilderment and distress of mothers and nurses, simply because they are thirsty, and in many cases where indigestion is caused by weakness or insufficiency of the gastric juice, the child would be greatly benefited by a drink of water."

Here's a pointer in these days of the prevalent abuse of tobacco. "It is well to know that many habitual tobacco-users have been cured by the following plan: Those who smoke their first cigarette, say, at 7 o'clock in the morning, begin putting it off just 10 minutes past the hour for a few days, then make it 15 or 20 minutes, and so on until it will be noon and then night before the first one is smoked. It is a slow but sure way of tapering off if faithfully followed, and can be applied by the abusers of stimulants as well as of tobacco."

Yesterday afternoon a rigger on the "Island Dock" of the Delaware & Hudson Canal Company, slid with his hands and feet about 30 feet on a taut wire which was about 60 feet from the ground, to adjust a block. The man did the work with one hand, while he held on to the wire with his other hand. The feat was witnessed by a large crowd of people.

A large crowd enjoyed the open air concert of the Pythian Band on Union-avenue last night. The programme was as follows:

Star Spangled Banner	*Key*
March—"Colonel Newton's"	*Rollinson*
Overture—"College Songs"	*Tobani*
Medley—Potpourri	*Beyer*
Waltzes—"Santiago"	*Corlin*
Fantasie—"Remembrance"	*Bosampuet*
Auvil Polka	*Parlow*
March—"Company C"	*Wallace*

A wee, dark-eyed motherless girl who is visiting relatives here began describing her dead mamma yesterday. "She was just booful," said the tot. "She had great, big dark eyes what looked right down into you, an' black hair an' a dear little red mouth an' my auntie says I look just like her."

Where the trench for the lateral of the First Ward sewer is being dug through Green-street there is much sand and notwithstanding every precaution is taken it is liable to cave in any moment. Yesterday afternoon it caved, and buried three men up to their waists. They were taken out.

The painting of the large school building, known as Ulster Academy, will greatly add to its appearance. One or two pupils brought to their homes yesterday on their clothes evidences of the work being done on the building.

"Why is it," said a citizen to-day, "that when church steeples are built an ornamental ladder is not put up? If this were done it would do away with a vast amount of trouble and expense, when steeples need repairing."

VICINITY SPORTING MATTERS IN BRIEF.

Horse Racing at Amenia—Taking Interest in a Coming Canoe Contest, Etc.

Much is being said here by bicyclists and others about "taking exercise." THE FREEMAN has printed columns of "opinions" during the past six months. Here is what a physician says: "In order to be beneficial exercise should be taken when the system is sufficiently vigorous to be able to meet it, as is the case after a lapse of from two to four hours after a moderate meal. If exercise be delayed till some degree of exhaustion from the want of food has occurred, it speedily dissipates the strength which remains and impairs digestion instead of promoting it. Early morning exercise has been favored, but it is as much to be reprobated as early mental or physical labor, because at that time vitality is at its lowest ebb, and it needs stimulation rather than further depletion; certainly none but the gentlest exercise should be taken until the exhausted system has been supplied with abundant nourishment."

The fair of the Eastern Dutchess Agricultural Association held at Amenia, was largely attended and successful. The following is a summary of the races held yesterday:

FIRST RACE—2:50 class.

J. Doolittle's b. m. Kitty	2	1	2	1	1
H. Miller's b. m. Topsy M	1	2	1	3	2

Canoeists here look forward with interest to the regatta of the members of the New-York Athletic Club to be held at Travers Island on September 28.

Rough on the County Clerk.

Last winter the Legislature passed a law to the effect that persons who desire to be exempt from jury duty because they had served their time as firemen should file with the Clerk of the County in which they live a certificate to that effect, when it would be the duty of the Clerk to immediately find and destroy the ballot upon which the name of applicant is written. County Clerk Wurts has had his first experience with this new law. A man filed his certificate and claimed his exemption. The County Clerk and his Deputy went to a box containing the 6,000 ballots and commenced a search for the one bearing the name of this particular exempt fireman. After a four hours' search, during which they handled over 2,220 ballots, they found the one they were looking for. Now, other firemen who claim to be exempt are applying rapidly for certificates. The Clerk is appalled because of this onerous duty for which he can receive no compensation.

Suing for Damages.

Mrs. Margaret Johnston, who lives on Ravine-street, has commenced an action in Justice DuBois' Court to recover damages from Jacob Small, of Poughkeepsie, the contractor who built the Ravine-street sewer. Mrs. Johnston's claim is that Small has damaged her premises by taking down a fence and failing to put it up again, using boards belonging to her to cover blasts and breaking them, not refilling a trench properly made by him in laying sewer-pipe, etc. This forenoon Mrs. Johnston said that when she asked Mr. Small if he was going to replace the fence he cut down, that the contractor answered that the fence was rotten and would have fallen down if he had not touched it.

Ulster County Men are Members.

Members of Lincoln Post, G. A. R., of Newark, N. J., went on a visit to Richmond, Va., this week. At Seven Pines, on Tuesday, a sham battle was fought and Governor Fitzhugh Lee delivered an address of welcome. On Wednesday evening a ball was given in honor of the visitors by Pickett Camp of Confederate Veterans. J. Wesley Edmonds and other Ulster County veterans are members of Lincoln Post.

The Fourteenth Separate Company.

The annual meeting of the Fourteenth Separate Company was held last night. The election of officers was postponed until October. It is hoped that in the intervening time the resignation of Captain Van Etten will be accepted and a new Captain chosen. The commanding officer at present is First Lieutenant Robert Tompkins.

There was a large attendance at the Farmers' Picnic at Roxbury to-day. A procession formed in the public square at about 11 o'clock and marched to the grove. This afternoon the picnic was broken up on account of rain. Lieut. Gov. Jones was present.

HUDSON RIVER RIPPLES BY MAIL, ETC.

News on the East and West Banks of the Hudson and Inland.

A species of typho-malaria epidemic has broken out among the employes of the New-York Central Railroad at the car shops at West Albany. Over 160 men have been obliged to quit work, virtually closing the shops, and many of the men are in a dangerous condition. The disease develops into typhoid fever in many cases. It is believed the epidemic was generated by a spring near the works which became infected by sewerage matter.

Westchester County, from the appearance of the Civil Court calendar at White Plains, seems to be a mighty hard place for a horse swap. Nearly every suit has been brought to recover money expended on animals that turned out, upon possession, to be full of a majority of the ills and imperfections to which horseflesh is heir, and the tales of the unfortunate buyers rehearsed daily on the Court House steps are pitiful in the extreme.

The Eighty-ninth Semi-annual Convention of the Orange County Musical Association will be held in Middletown on September 11, 12 and 13. Rossini's *Stabat Mater* has been chosen for study and there will be a variety of music of a miscellaneous character. The following artists will assist: Dr. Carl Martin, F. W. Jameson and the Misses C. and N. Smith. Mrs. D. Carl Martin will be the accompanist.

ULSTER COUNTY NOTES.

About midnight on Sunday the hotel of W. M. Roos, in the village of Wallkill, was broken open and about $10 in silver taken from the till. On Monday Frederick Bruyn, of that village, was noticed spending small change freely, and on Tuesday morning he was arrested. An examination before Justice of the Peace Horton, confirmed suspicions, and Bruyn was committed to the Ulster County Jail here to await the action of the Grand Jury. Bruyn is a single man, aged between 25 and 30 years.

A strange man was in Marlborough recently. He called at a number of houses and made inquiries for President Harrison and Baron Rothschild. At one house he said he desired to engage three rooms for the use of the Prince of Wales and offered to pay $100 down. He was well supplied with money. On Monday he boarded a West Shore train saying he was to meet Warner Miller at Syracuse "to make arrangements for the coming of the Prince of Wales." The man was evidently insane.

Alfred Graham, of the town of Gardiner, was committed to the Ulster County Jail last night by Justices J. F. Brodhead and A. M. Lefevre for default in paying costs and giving a bond, as decreed by said court, he being the father of an illegitimate child likely to become a town charge.

THE ALMS COMMISSIONERS.

WHAT WAS SAID AND DONE ON THURSDAY AFTERNOON.

Men who Violate the Excise Law to be Vigorously Prosecuted—The Care of Chronic Insane—City vs. Town Aid—A Fee For Mrs. W. B. Scott—Supplies, Etc.

The Board of Alms Commissioners held a meeting at the Alms House yesterday afternoon. There were present Messrs. George L. Wachmeyer, William Turner, James J. Sweeney, James Van Deusen, Charles Van Woert, Henry Koltz, Superintendent William B. Scott and Drs. E. H. Loughran and George Basten.

In the absence of E. M. Brigham, President of the Board, Mr. Wachmeyer was chosen to preside.

Superintendent Scott reported in the matter of chronic insane. He said that there were a number of insane persons from Ulster County in the Hudson River and Middletown asylums who should be placed in asylums for chronic insane. He said he had written to the authorities at the Willard Asylum at Ovid and ascertained that that institution was crowded with patients and could not receive any more at the present time.

Mr. VanDeusen—"I would like to inquire, if we are willing to pay for the care of our chronic insane in institutions in this or other states, provided it cannot be done at Ovid? I believe it would be a good idea to communicate with the proper officials of insane institutions in New-Jersey, Pennsylvania, Vermont, etc., and try to learn something in relation to the subject."

The requisition for supplies for the Alms House for the month of September was read, and the Committee on Supplies was given the power to order the articles asked for.

The Superintendent said in relation to Commissioners giving passes to the Alms House to a certain class of persons: "In the past 10 or 12 years the same people have applied here for a home for the winter. In June, when pleasant weather arrives, these men take their departure to work on farms, etc., in the towns of Ulster and Esopus and other places outside of the City. They earn a considerable sum of money, and in the fall, go on a 'glorious drunk,' spend all their earnings and before the first snow storm they are back here again. The towns have the benefit of their labor, and they should take care of them, or, else the men should be made to take care of themselves, which they are amply able to do."

Mr. Sweeney—"In cases of this kind it would be well hereafter for the Superintendent, if he be acquainted with the facts, to not comply with the order until he has conferred with the Commissioner who may send such a person or persons to the Alms House."

Mr. Van Woert called the attention of the Board to the case of one Peter Matthis, who he said was suffering with cancer in the throat and desired to be sent to a hospital in New-York City for treatment. The Commissioner said that he believed it to be the Board's duty to act charitably in the matter.

Mr. Koltz said that Matthis' wife has been blind for the past five years and being personally acquainted with all the facts he considered it the Board's duty to take favorable action in the matter.

The Superintendent stated that Dr. Loughran, who attended Matthis, had said that it would be the better way to send the man to Bellevue Hospital for examination.

On motion of Mr. Sweeney, the Superintendent and Dr. E. H. Loughran were instructed to take Matthis to the hospital if they considered it necessary.

Mr. Sweeney—"In consideration of Mrs. Scott, the wife of the Superintendent, having saved the expenses of a housekeeper for the Alms House for so long a term, and the excellent manner in which she has performed the onerous duties, I move that the Board order that she be paid $100 for the present year."

Mr. Mulholland—"I move as an amendment that the sum be $200, half of which amount be for services performed last year. The Alms House hasn't had a Matron since Mrs. Scott came here, and she has saved the City a much larger amount than that which is asked to be donated to her."

The amendment was unanimously carried.

It was stated that it once cost between $400 and $500 a year to maintain a housekeeper for the institution.

Excise matters were touched upon. They decided to leave no stone unturned in doing their duty in bringing law-breakers to justice.

It being the annual visit of the Commissioners to the Alms House, the Superintendent and his wife entertained the Board, after which an inspection of the buildings and grounds were made. Everything was found to be in the best of order, and many improvements since the Commissioners' visit last year were noted. The grounds are well kept and a uniform cleanliness was found in all the rooms. Before leaving the Commissioners spoke words of praise for Mr. Scott and his wife.

THIS CITY'S NEWS AND CHAT.

MEN, MATTERS AND PROJECTS BRIEFLY PARAGRAPHED.

Brains and Business—Weather Prophet DeVoe Makes a Prediction—Verdict of a Coroners Jury—Election is Drawing Nigh—Common Council Meeting To-Night.

An article concerning brains and business, printed recently in this column, is being commented upon. The *Christian Union* says:

One great secret of success in business—the secret, in fact, of success on a large scale—is to conceive of it as a matter of principles, not merely as a series of transactions. There are great merchants as there are great statesmen and there are small merchants as there are small politicians, and the difference between the great and the small men is very much the same in both professions. The small politician works by the day and sees only the one opportunity before him; the small merchant does the same thing—he is looking for the next dollar. The statesman, on the other hand, is master of the situation because he understands the general principles which control events. This knowledge enables him to deal with large questions and to shape the future. The great merchant does the same thing. His business is not a mere money-getting affair, not a mere matter of barter, but a science and an art. He studies the general laws of trade, watches the general conditions of the country, investigates present needs, foresees future wants, and adapts his business to the broad conditions of his time and place. He puts as much brains into his work as does the statesman, and he ends by being, not a money getter, but a large-minded and capable man. An eminently successful business man of the statesman like quality, said the other day that the more he understood of life, the more clearly that he saw it was done on business principles. By which he meant, not only that the universe stands for the dollar, but that the universe is governed by unvarying laws, that promptness, exactness, thoroughness and honesty are wrought in every fibre. On these business principles all life is conducted—if not by men, at least by that Power which is behind man. It ought to be the ambition of every young man to treat his business from the point of view of the statesman, and not from that of the politician.

A physician has said this: "It is a mistake to look upon milk as a beverage. It is a liquid food, and though it quenches thirst at the moment, it makes it more intense after it has been some time in the stomach and its digestion commenced. Healthy infants which receive a sufficiency of milk often cry for long periods, to the bewilderment and distress of mothers and nurses, simply because they are thirsty, and in many cases where indigestion is caused by weakness or insufficiency of the gastric juice, the child would be greatly benefited by a drink of water."

Here's a pointer in these days of the prevalent abuse of tobacco. "It is well to know that many habitual tobacco-users have been cured by the following plan: Those who smoke their first cigarette, say, at 7 o'clock in the morning, begin putting it off just 10 minutes past the hour for a few days, then make it 15 or 20 minutes, and so on until it will be noon and then night before the first one is smoked. It is a slow but sure way of tapering off if faithfully followed, and can be applied by the abusers of stimulants as well as of tobacco."

Yesterday afternoon a rigger on the "Island Dock" of the Delaware & Hudson Canal Company, slid with his hands and feet about 30 feet on a taut wire which was about 60 feet from the ground, to adjust a block. The man did the work with one hand, while he held on to the wire with his other hand. The feat was witnessed by a large crowd of people.

A large crowd enjoyed the open air concert of the Pythian Band on Union-avenue last night. The programme was as follows:

Medley—Potpourri.....*Beyer*

Fantasie—"Remembrance".....*Bosanquet*

A wee, dark-eyed motherless girl who is visiting relatives here began describing her dead mamma yesterday. "She was just booful," said the tot. "She had great, big dark eyes what looked right down into you, an' black hair an' a dear little red mouth an' my auntie says I look just like her."

Where the trench for the lateral of the First Ward sewer is being dug through Green-street there is much sand and notwithstanding every precaution is taken it is liable to cave in any moment. Yesterday afternoon it caved, and buried three men up to their waists. They were taken out.

Horse Racing at Amenia—Taking Interest in a Coming Canoe Contest, Etc.

Much is being said here by bicyclists and others about "taking exercise." THE FREEMAN has printed columns of "opinions" during the past six months. Here is what a physician says: "In order to be beneficial exercise should be taken when the system is sufficiently vigorous to be able to meet it, as is the case after a lapse of from two to four hours after a moderate meal. If exercise be delayed till some degree of exhaustion from the want of food has occurred, it speedily dissipates the strength which remains and impairs digestion instead of promoting it. Early morning exercise has been favored, but it is as much to be reprobated as early mental or physical labor, because at that time vitality is at its lowest ebb, and it needs stimulation rather than further depletion; certainly none but the gentlest exercise should be taken until the exhausted system has been supplied with abundant nourishment."

The fair of the Eastern Dutchess Agricultural Association held at Amenia, was largely attended and successful. The following is a summary of the races held yesterday:

FIRST RACE—2:50 class.

J. Doolittle's b. m. Kitty	2	1	2	1
H. Miller's b. m. Topsy M.	1	2	1	3
F. O'Neill's g. m. Nellie Bird	3	3	3	2
L. F. Peter's b. m. Grace Sheridan	4	4	4	4
D. G. Leroy's br. g. Utica	5	5	dis.	

Time, 2:37¼, 2:42½, 2:37¼, 2:43, 2:39¼.

SECOND RACE—2:28 class.

A. Woodward's br. s. R. D. F.	1	1	1
E. Kipp's br. m. Fantine	2	2	2
W. H. Rockefeller's br. g. McMullen Boy	3	3	3

Time, 2:32, 2:32¼, 2:35.

Canoeists here look forward with interest to the regatta of the members of the New-York Athletic Club to be held at Travers Island on September 28.

Rough on the County Clerk.

Last winter the Legislature passed a law to the effect that persons who desire to be exempt from jury duty because they had served their time as firemen should file with the Clerk of the County in which they live a certificate to that effect, when it would be the duty of the Clerk to immediately find and destroy the ballot upon which the name of applicant is written. County Clerk Wurts has had his first experience with this new law. A man filed his certificate and claimed his exemption. The County Clerk and his Deputy went to a box containing the 6,000 ballots and commenced a search for the one bearing the name of this particular exempt fireman. After a four hours' search, during which they handled over 2,220 ballots, they found the one they were looking for. Now, other firemen who claim to be exempt are applying rapidly for certificates. The Clerk is appalled because of this onerous duty for which he can receive no compensation.

Suing for Damages.

Mrs. Margaret Johnston, who lives on Ravine-street, has commenced an action in Justice DuBois' Court to recover damages from Jacob Small, of Poughkeepsie, the contractor who built the Ravine-street sewer. Mrs. Johnston's claim is that Small has damaged her premises by taking down a fence and failing to put it up again, using boards belonging to her to cover blasts and breaking them, not refilling a trench properly made by him in laying sewer-pipe, etc. This forenoon Mrs. Johnston said that when she asked Mr. Small if he was going to replace the fence he cut down, that the contractor answered that the fence was rotten and would have fallen down if he had not touched it.

HUDSON RIVER RIPPLES BY MAIL, ETC.

News on the East and West Banks of the Hudson and Inland.

A species of typho-malaria epidemic has broken out among the employes of the New-York Central Railroad at the car shops at West Albany. Over 160 men have been obliged to quit work, virtually closing the shops, and many of the men are in a dangerous condition. The disease develops into typhoid fever in many cases. It is believed the epidemic was generated by a spring near the works which became infected by sewerage matter.

Westchester County, from the appearance of the Civil Court calendar at White Plains, seems to be a mighty hard place for a horse swap. Nearly every suit has been brought to recover money expended on animals that turned out, upon possession, to be full of a majority of the ills and imperfections to which horseflesh is heir, and the tales of the unfortunate buyers rehearsed daily on the Court House steps are pitiful in the extreme.

The Eighty-ninth Semi-annual Convention of the Orange County Musical Association will be held in Middletown on September 11, 12 and 13. Rossini's *Stabat Mater* has been chosen for study and there will be a variety of music of a miscellaneous character. The following artists will assist: Dr. Carl Martin, F. W. Jameson and the Misses C. and N. Smith. Mrs. D. Carl Martin will be the accompanist.

The Grand Jury now in session at the White Plains Court House have not yet taken up the question of indicting Hiram Paulding for his assault upon Editor Horton a week ago. It will probably come up before them to-morrow.

ULSTER COUNTY NOTES.

About midnight on Sunday the hotel of W. M. Roos, in the village of Wallkill, was broken open and about $10 in silver taken from the till. On Monday Frederick Bruyn, of that village, was noticed spending small change freely, and on Tuesday morning he was arrested. An examination before Justice of the Peace Horton, confirmed suspicions, and Bruyn was committed to the Ulster County Jail here to await the action of the Grand Jury. Bruyn is a single man, aged between 25 and 30 years.

A strange man was in Marlborough recently. He called at a number of houses and made inquiries for President Harrison and Baron Rothschild. At one house he said he desired to engage three rooms for the use of the Prince of Wales and offered to pay $100 down. He was well supplied with money. On Monday he boarded a West Shore train saying he was to meet Warner Miller at Syracuse "to make arrangements for the coming of the Prince of Wales." The man was evidently insane.

Alfred Graham, of the town of Gardiner, was committed to the Ulster County Jail last night by Justices J. F. Brodhead and A. M. Lefevre for default in paying costs and giving a bond, as decreed by said court, he being the father of an illegitimate child likely to become a town charge.

THE ALMS COMMISSIONERS.

WHAT WAS SAID AND DONE ON THURSDAY AFTERNOON.

Men who Violate the Excise Law to be Vigorously Prosecuted—The Care of Chronic Insane—City vs. Town Aid—A Fee For Mrs. W. B. Scott—Supplies, Etc.

The Board of Alms Commissioners held a meeting at the Alms House yesterday afternoon. There were present Messrs. George L. Wachmeyer, William Turner, James J. Sweeney, James Van Deusen, Charles Van Woert, Henry Koltz, Superintendent William B. Scott and Drs. E. H. Loughran and George Basten.

In the absence of E. M. Brigham, President of the Board, Mr. Wachmeyer was chosen to preside.

Superintendent Scott reported in the matter of chronic insane. He said that there were a number of insane persons from Ulster County in the Hudson River and Middletown asylums who should be placed in asylums for chronic insane. He said he had written to the authorities at the Willard Asylum at Ovid and ascertained that that institution was crowded with patients and could not receive any more at the present time.

Mr. VanDeusen—"I would like to inquire, if we are willing to pay for the care of our chronic insane in institutions in this or other states, provided it cannot be done at Ovid? I believe it would be a good idea to communicate with the proper officials of insane institutions in New-Jersey, Pennsylvania, Vermont, etc., and try to learn something in relation to the subject."

The requisition for supplies for the Alms House for the month of September was read, and the Committee on Supplies was given the power to order the articles asked for.

The Superintendent said in relation to Commissioners giving passes to the Alms House to a certain class of persons: "In the past 10 or 12 years the same people have applied here for a home for the winter. In June, when pleasant weather arrives, these men take their departure to work on farms, etc., in the towns of Ulster and Esopus and other places outside of the City. They earn a considerable sum of money, and in the fall, go on a 'glorious drunk,' spend all their earnings and before the first snow storm they are back here again. The towns have the benefit of their labor, and they should take care of them, or, else the men should be made to take care of themselves, which they are amply able to do."

Mr. Sweeney—"In cases of this kind it would be well hereafter for the Superintendent, if he be acquainted with the facts, to not comply with the order until he has conferred with the Commissioner who may send such a person or persons to the Alms House."

Mr. Van Woert called the attention of the Board to the case of one Peter Matthis, who he said was suffering with cancer in the throat and desired to be sent to a hospital in New-York City for treatment. The Commissioner said that he believed it to be the Board's duty to act charitably in the matter.

Mr. Koltz said that Matthis' wife has been blind for the past five years and being personally acquainted with all the facts he considered it the Board's duty to take favorable action in the matter.

The Superintendent stated that Dr. Loughran, who attended Matthis, had said that it would be the better way to send the man to Bellevue Hospital for examination.

On motion of Mr. Sweeney, the Superintendent and Dr. E. H. Loughran were instructed to take Matthis to the hospital if they considered it necessary.

Mr. Sweeney—"In consideration of Mrs. Scott, the wife of the Superintendent, having saved the expenses of a housekeeper for the Alms House for so long a term, and the excellent manner in which she has performed the onerous duties, I move that the Board order that she be paid $100 for the present year."

Mr. Mulholland—"I move as an amendment that the sum be $300, half of which amount be for services performed last year. The Alms House hasn't had a Matron since Mrs. Scott came here, and she has saved the City a much larger amount than that which is asked to be donated to her."

The amendment was unanimously carried.

It was stated that it once cost between $400 and $500 a year to maintain a housekeeper for the institution.

Excise matters were touched upon. They decided to leave no stone unturned in doing their duty in bringing law-breakers to justice.

It being the annual visit of the Commissioners to the Alms House, the Superintendent and his wife entertained the Board, after which an inspection of the buildings and grounds were made. Everything was found to be in the best of order, and many improvements since the Commissioners' visit last year were noted. The grounds are well kept and a uniform cleanliness was found in all the rooms. Before leaving the Commissioners spoke words of praise for Mr. Scott and his wife.

MEN, MATTERS AND PROJECTS BRIEFLY PARAGRAPHED.

Brains and Business—Weather Prophet DeVoe Makes a Prediction—Verdict of a Coroners Jury—Election is Drawing Nigh—Common Council Meeting To-Night.

An article concerning brains and business, printed recently in this column, is being commented upon. The *Christian Union* says:

One great secret of success in business—the secret, in fact, of success on a large scale—is to conceive of it as a matter of principles, not merely as a series of transactions. There are great merchants as there are great statesmen and there are small merchants as there are small politicians, and the difference between the great and the small men is very much the same in both professions. The small politician works by the day and sees only the one opportunity before him; the small merchant does the same thing—he is looking for the next dollar. The statesman, on the other hand, is master of the situation because he understands the general principles which control events. This knowledge enables him to deal with large questions and to shape the future. The great merchant does the same thing. His business is not a mere money-getting affair, not a mere matter of barter, but a science and an art. He studies the general laws of trade, watches the general conditions of the country, investigates present needs, foresees future wants, and adapts his business to the broad conditions of his time and place. He puts as much brains into his work as does the statesman, and he ends by being, not a money getter, but a large-minded and capable man. An eminently successful business man of the statesman like quality, said the other day that the more he understood of life, the more clearly that he saw it was done on business principles. By which he meant, not only that the universe stands for the dollar, but that the universe is governed by unvarying laws, that promptness, exactness, thoroughness and honesty are wrought in every fibre. On these business principles all life is conducted—if not by men, at least by that Power which is behind man. It ought to be the ambition of every young man to treat his business from the point of view of the statesman, and not from that of the politician.

A physician has said this: "It is a mistake to look upon milk as a beverage. It is a liquid food, and though it quenches thirst at the moment, it makes it more intense after it has been some time in the stomach and its digestion commenced. Healthy infants which receive a sufficiency of milk often cry for long periods, to the bewilderment and distress of mothers and nurses, simply because they are thirsty, and in many cases where indigestion is caused by weakness or insufficiency of the gastric juice, the child would be greatly benefited by a drink of water."

Here's a pointer in these days of the prevalent abuse of tobacco. "It is well to know that many habitual tobacco-users have been cured by the following plan: Those who smoke their first cigarette, say, at 7 o'clock in the morning, begin putting it off just 10 minutes past the hour for a few days, then make it 15 or 20 minutes, and so on until it will be noon and then night before the first one is smoked. It is a slow but sure way of tapering off if faithfully followed, and can be applied by the abusers of stimulants as well as of tobacco."

Yesterday afternoon a rigger on the "Island Dock" of the Delaware & Hudson Canal Company, slid with his hands and feet about 30 feet on a taut wire which was about 60 feet from the ground, to adjust a block. The man did the work with one hand, while he held on to the wire with his other hand. The feat was witnessed by a large crowd of people.

VICINITY SPORTING MATTERS IN BRIEF.

Horse Racing at Amenia—Taking Interest in a Coming Canoe Contest, Etc.

Much is being said here by bicyclists and others about "taking exercise." THE FREEMAN has printed columns of "opinions" during the past six months. Here is what a physician says: "In order to be beneficial exercise should be taken when the system is sufficiently vigorous to be able to meet it, as is the case after a lapse of from two to four hours after a moderate meal. If exercise be delayed till some degree of exhaustion from the want of food has occurred, it speedily dissipates the strength which remains and impairs digestion instead of promoting it. Early morning exercise has been favored, but it is as much to be reprobated as early mental or physical labor, because at that time vitality is at its lowest ebb, and it needs stimulation rather than further depletion; certainly none but the gentlest exercise should be taken until the exhausted system has been supplied with abundant nourishment."

The fair of the Eastern Dutchess Agricultural Association held at Amenia, was largely attended and successful. The following is a summary of the races held yesterday:

First Race—2:50 class.

Canoeists here look forward with interest to the regatta of the members of the New-York Athletic Club to be held at Travers Island on September 28.

Rough on the County Clerk.

Last winter the Legislature passed a law to the effect that persons who desire to be exempt from jury duty because they had served their time as firemen should file with the Clerk of the County in which they live a certificate to that effect, when it would be the duty of the Clerk to immediately find and destroy the ballot upon which the name of applicant is written. County Clerk Wurts has had his first experience with this new law. A man filed his certificate and claimed his exemption. The County Clerk and his Deputy went to a box containing the 6,000 ballots and commenced a search for the one bearing the name of this particular exempt fireman. After a four hours' search, during which they handled over 2,220 ballots, they found the one they were looking for. Now, other firemen who claim to be exempt are applying rapidly for certificates. The Clerk is appalled because of this onerous duty for which he can receive no compensation.

Suing for Damages.

Mrs. Margaret Johnston, who lives on Ravine-street, has commenced an action in Justice DuBois' Court to recover damages from Jacob Small, of Poughkeepsie, the contractor who built the Ravine-street sewer. Mrs. Johnston's claim is that Small has damaged her premises by taking down a fence and failing to put it up again, using boards belonging to her to cover blasts and breaking them, not refilling a trench properly made by him in laying sewer-pipe, etc. This forenoon Mrs. Johnston said that when she asked Mr. Small if he was going to replace the fence he cut down, that the contractor answered that the fence was rotten and would have fallen down if he had not touched it.

HUDSON RIVER RIPPLES BY MAIL, ETC.

News on the East and West Banks of the Hudson and Inland.

A species of typho-malaria epidemic has broken out among the employes of the New-York Central Railroad at the car shops at West Albany. Over 160 men have been obliged to quit work, virtually closing the shops, and many of the men are in a dangerous condition. The disease develops into typhoid fever in many cases. It is believed the epidemic was generated by a spring near the works which became infected by sewerage matter.

Westchester County, from the appearance of the Civil Court calendar at White Plains, seems to be a mighty hard place for a horse swap. Nearly every suit has been brought to recover money expended on animals that turned out, upon possession, to be full of a majority of the ills and imperfections to which horseflesh is heir, and the tales of the unfortunate buyers rehearsed daily on the Court House steps are pitiful in the extreme.

ULSTER COUNTY NOTES.

About midnight on Sunday the hotel of W. M. Roos, in the village of Wallkill, was broken open and about $10 in silver taken from the till. On Monday Frederick Bruyn, of that village, was noticed spending small change freely, and on Tuesday morning he was arrested. An examination before Justice-of-the-Peace Horton, confirmed suspicions, and Bruyn was committed to the Ulster County Jail here to await the action of the Grand Jury. Bruyn is a single man, aged between 25 and 30 years.

A strange man was in Marlborough recently. He called at a number of houses and made inquiries for President Harrison and Baron Rothschild. On Monday he boarded a West Shore train saying he was to meet Warner Miller at Syracuse "to make arrangements for the coming of the Prince of Wales." The man was evidently insane.

THE ALMS COMMISSIONERS.

WHAT WAS SAID AND DONE ON THURSDAY AFTERNOON.

Men who Violate the Excise Law to be Vigorously Prosecuted—The Care of Chronic Insane—City vs. Town Aid—A Fee For Mrs. W. B. Scott—Supplies, Etc.

The Board of Alms Commissioners held a meeting at the Alms House yesterday afternoon. There were present Messrs. George L. Wachmeyer, William Turner, James J. Sweeney, James Van Deusen, Charles Van Woert, Henry Koltz, Superintendent William B. Scott and Drs. E. H. Loughran and George Basten.

In the absence of E. M. Brigham, President of the Board, Mr. Wachmeyer was chosen to preside.

Superintendent Scott reported in the matter of chronic insane. He said that there were a number of insane persons from Ulster County in the Hudson River and Middletown asylums who should be placed in asylums for chronic insane. He said he had written to the authorities at the Willard Asylum at Ovid and ascertained that that institution was crowded with patients and could not receive any more at the present time.

Mr. VanDeusen—"I would like to inquire, if we are willing to pay for the care of our chronic insane in institutions in this or other states, provided it cannot be done at Ovid? I believe it would be a good idea to communicate with the proper officials of insane institutions in New-Jersey, Pennsylvania, Vermont, etc., and try to learn something in relation to the subject."

The requisition for supplies for the Alms House for the month of September was read, and the Committee on Supplies was given the power to order the articles asked for.

The Superintendent said in relation to Commissioners giving passes to the Alms House to a certain class of persons: "In the past 10 or 12 years the same people have applied here for a home for the winter. In June, when pleasant weather arrives, these men take their departure to work on farms, etc., in the towns of Ulster and Esopus and other places outside of the City. They earn a considerable sum of money, and in the fall, go on a 'glorious drunk,' spend all their earnings and before the first snow storm they are back here again. The towns have the benefit of their labor, and they should take care of them, or else the men should be made to take care of themselves, which they are amply able to do."

Mr. Sweeney—"In cases of this kind it would be well hereafter for the Superintendent, if he be acquainted with the facts, to not comply with the order until he has conferred with the Commissioner who may send such a person or persons to the Alms House."

Mr. Van Woert called the attention of the Board to the case of one Peter Matthis, who he said was suffering with cancer in the throat and desired to be sent to a hospital in New-York City for treatment. The Commissioner said that he believed it to be the Board's duty to act charitably in the matter.

Mr. Koltz said that Matthis' wife has been blind for the past five years and being personally acquainted with all the facts he considered it the Board's duty to take favorable action in the matter.

The Superintendent stated that Dr. Loughran, who attended Matthis, had said that it would be the better way to send the man to Bellevue Hospital for examination.

On motion of Mr. Sweeney, the Superintendent and Dr. E. H. Loughran were instructed to take Matthis to the hospital if they considered it necessary.

Mr. Sweeney—"In consideration of Mrs. Scott, the wife of the Superintendent, having saved the expenses of a housekeeper for the Alms House for so long a term, and the excellent manner in which she has performed the onerous duties, I move that the Board order that she be paid $100 for the present year."

Mr. Mulholland—"I move as an amendment that the sum be $200, half of which amount be for services performed last year. The Alms House hasn't had a Matron since Mrs. Scott came here, and she has saved the City a much larger amount than that which is asked to be donated to her."

The amendment was unanimously carried.

It was stated that it once cost between $400 and $500 a year to maintain a housekeeper for the institution.

Excise matters were touched upon. They decided to leave no stone unturned in doing their duty in bringing law-breakers to justice.

It being the annual visit of the Commissioners to the Alms House, the Superintendent and his wife entertained the Board, after which an inspection of the buildings and grounds were made. Everything was found to be in the best of order, and many improvements since the Commissioners' visit last year were noted. The grounds are well kept and a uniform cleanliness was found in all the rooms. Before leaving the Commissioners spoke words of praise for Mr. Scott and his wife.
